Net Weight: 40 Lb
**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION:** Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Avoid contact with skin, eyes, or clothing. Avoid inhaling spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear long-sleeved shirt and long pants, socks, shoes, and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

**FIRST AID**

**IF SWALLOWED**
- • Give a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow.
- • Do not induce vomiting unless told to by a poison control center or doctor.
- • Do not give anything by mouth to an unconscious person.

**IF IN EYES**
- • Rinse eyes immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.

**IF INHALED**
- • Move the person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Give a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor for treatment advice. You may also call 1-800-347-8272 for emergency medical treatment information.

**USER SAFETY RECOMMENDATIONS:** Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of clothes before reusing. Air or wash, as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS:** This product is toxic to livestock. Do not apply directly to water, areas where water is present, or totilable areas below the mean high-water mark. Drift or runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater. This product is highly toxic to bees if exposed to treatment. Do not apply this product if bees are foraging in the treated areas.

**DIRECTIONS FOR USE:** starbar, starbar with design, red to yellow gradation, and QuikStrike are registered trademarks of Wellmark International.

**READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.**

**USE RESTRICTIONS:** • Do not use inside homes or residences, or any place where pets or humans are present. • Do not allow contact with food or drinking water. • Do not apply where food production animals can consume. • Do not use in or on edible product areas of food processing plants or other areas where food is commercially prepared or processed. • Do not use in or on areas where food is exposed to treatment. • Do not use in or on areas where food is exposed to contamination. • Do not use in or on areas where food is exposed to residue due to the bait constituents. Where aesthetics of use concern, apply a small amount of product in an inconspicuous location and observe areas following drying to determine potential effects on treated surfaces.

**PRODUCT INFORMATION:** Starbar® QuikStrike® Fly Bait Spray (Starbar® Fly Bait Spray) is an effective fly bait formula that contains (Z)-9-tricosene fly attractant. This product is generally non-staining but may leave a residue due to the bait constituents. Where aesthetics are of concern, apply a small amount of product in an inconspicuous location and observe areas following drying to determine potential effects on treated surfaces.

**APPLICATION LOCATIONS:** Rural: Spray on milking parlors (do not spray milking equipment), poultry broiler and caged layer operations (including runs and pits), livestock feedlots, stables, barns, swine operations, and other animal housing facilities where flies are a problem. Apply this product to walls, floors, windows, vents, window screens, doors, shingles, eaves, and gutters. Do not make spray applications to areas within 3 feet above floor surfaces. Where live livestock is present, use a lower concentration of bait. For treating larger areas, apply using the same ratio as in this chart.
