**LIVESTOCK PREMIX 0.04%**

A premix containing diflubenzuron insect growth regulator for livestock feeding systems. It controls breeding of stable flies, houseflies, horseflies, and face flies on cattle, horses, and swine. Use the following equation when calculating inclusion level based on weight (lbs) X 0.75

- To provide 0.15 mg diflubenzuron/kg of animal body weight.

**FEEDING AND MANAGEMENT**

- Provide 0.30 mg/kg dosage.

**ENVIRONMENTAL HAZARDS:**

- **PERSONAL PROTECTIVE EQUIPMENT (PPE):**
  - Wash hands with soap and water after handling solution.
  - Use eye/face protection and gloves.
  - Remove contaminated clothing and wash before reuse.

**CAUTION**

HUMANS

- **If swallowed:**
  - Do not induce vomiting.
  - Call a poison control center or doctor for treatment.

- **If on Skin:**
  - Wash with soap and water. If irritation persists, get medical attention immediately.

- **If on Eyes:**
  - Wash with soap and water for 15-20 minutes. If irritation persists, get medical attention immediately.

**STORAGE AND DISPOSAL:**

- **Pesticide Disposal:**
  - Pesticide may be disposed of on site or at an approved waste disposal facility.

**IPM PROGRAM OVERVIEW**

- **PLANNING**
  - \*Do not spray the floor or tank areas.
  - \*Adequate to prevent pest damage by the next economic means, attaining various control objectives.
  - \*Good sanitation practices, decaying vegetable matter or spilled silage on premises in the cattle’s, horse’s, and swine’s environment.

- **IMPLEMENTATION**
  - Train other employees on the plan.
  - Assess your operation and find the fly hot spots.

- **EVALUATION**
  - Monitor/Reassessing

**IPM INTEGRATED PEST MANAGEMENT**

- **PLANNING**
  - \*Do not spray the floor or tank areas.

**IMPLEMENT THE OPTIMUM IPM**

- \*Do not spray the floor or tank areas.
- \*Adequate to prevent pest damage by the next economic means, attaining various control objectives.
- \*Good sanitation practices, decaying vegetable matter or spilled silage on premises in the cattle’s, horse’s, and swine’s environment. Good sanitation practices, decaying vegetable matter or spilled silage on premises in the cattle’s, horse’s, and swine’s environment.

LIVESTOCK PREMIX 0.04%

A PREMIX CONTAINING DIFLUBENZURON INSECT GROWTH REGULATOR

For the control of grubs on cattle, horses, and swine.  See the back of this label for additional information.

DIRECTIONS FOR USE

FEEDING DIRECTIONS FOR SWINE

Mix ClariFly® Larvicide Livestock Premix 0.04% with the ration to provide 0.15 mg diflubenzuron/kg of animal body weight. Use the following equation to determine the exact amount of this product required per ton of ration:

\[ \text{Amount} = \frac{\text{Weight (lbs)} \times 1}{\text{Consumption (lbs/day)}} \]

For more information, call 1-800-347-8272.

Pesticide Storage:

Keep this product in its tightly closed original container. Store in a cool, dry (preferably locked) area that is not accessible to children and pets. When not in use, store out of direct sunlight.

Pesticide Disposal:

Nonrefillable container. Do not reuse or refill. Pesticide may be disposed of on site or at an approved waste disposal facility.

ENVIRONMENTAL HAZARDS:

Read and follow the Environmental Hazards information on the back of this label before using this product.

IF ON SKIN

1. Wash thoroughly with soap and water.
2. Rinse with water if needed.
3. Call a poison control center or your physician for treatment advice. 

IF IN EYES

1. Remove contact lenses, if present, after the first 15-20 minutes. Continue rinsing 15-20 minutes.
2. Call a poison control center or your physician for treatment advice.

INHALATION

1. Move to fresh air.
2. Keep person comfortable and at rest.
3. If on skin, remove contaminated clothing immediately.
4. Call a poison control center or your physician for treatment advice.

INTERNAL EXPOSURE

1. If you accidently ingest this product, do not induce vomiting. Give 2-3 tbsp of water. Call a poison control center or your physician for treatment advice.

POTENTIAL HEALTH EFFECTS:

This pesticide is toxic to humans and domestic animals.
