- Pyrethrin: 0.4%

**TOTAL:** 100.0%

*Contains pelargonic alcohol.

**KEEP OUT OF REACH OF CHILDREN**

CAUTION: Cautionary statements included on the back of the label.

**PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if inhaled, ingested, or absorbed through the skin. Causes irritation and inflammation. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, or using the toilet. Remove and wash contaminated clothing before reuse.

**FIRST AID**

**IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an emergency number. Then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**IF ON SKIN OR CLOTHING:** Take off all contaminated clothing and shoes. Then wash the skin with soap and water. If the exposure is from a liquid, wash the clothing with soap and water. Call a poison control center or doctor for further treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**TO PHYSICIAN:** Contains petroleum distillate – may cause aspiration pneumonitis.

**ORDER NUMBER:** Have the container or label with you when calling a poison control center or doctor or giving treatment advice. For additional information on this product (including health precautions, emergencies or possible incidents), you may call 1-800-662-4000 or 1-800-248-7763, 24 hours per day, 7 days per week.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticides to enter or runoff into storm drains, drainage ditches, ditches, gutters, or surface water. Applying this product on a day when rain is expected or from an area where it is not expected to dry will help to ensure that rain or wind does not blow or wash pesticide off the treated area.

This product is a high-toxic hazard to bees exposed to a drenched treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area. See Directions for Use for additional precautions and requirements.

**PHYSICAL AND CHEMICAL HAZARDS:** FLAMMABLE: Contents Under Pressure. Do not use on or near metal containers. Exposure to temperatures above 105°F may cause burning.

**DIRECTORS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:**
- Apply this product as specified on the label.
- For use only as specified on the label.
- This product is for use in NON-FOOD AREAS ONLY.
- May be used in outdoor residential or institutional staining systems (if limited to new wood island or counter tops).
- Do not use in aircraft cabins.
- Do not make spray applications on or near wiring, electrical outlets, or switch plates.
- Do not apply in any dry or windy weather.
- Do not apply to any water or any drainage area.
- Do not apply to wood structures that may affect the structural integrity of the wood.
- Do not apply to any part of a structure that may be exposed to any area of water or moisture.
- Do not apply to any part of a structure that may be exposed to any area of water or moisture.
- Do not apply directly or indirectly to any area where water drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the pesticide to enter any water body during or after application.
- Do not apply on root zones of tree, or to tree trunks, nor to trees where spraying may cause environmental pollution

**STORAGE AND DISPOSAL:** Do not apply directly or indirectly into and around entrance holes. If not applied properly into and around entrance holes, this product may cause aspiration pneumonia.

**DIRECTIONS FOR USE:**
- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- Do not make space spray applications when facility is in operation.
- Prior to space spray applications, cover all open food, utensils, food processing equipment and food preparation surfaces, or wash them before use.
- Do not make spray applications on or near wiring, electrical outlets, or switch plates.
- Do not apply directly to or indirectly on food, eating utensils, food processing equipment or food preparation surfaces, or wash them before use.
- Do not make spray applications on or near wiring, electrical outlets, or switch plates.
- Do not apply directly or indirectly to any area where water drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the pesticide to enter any water body during or after application.
- Do not apply on root zones of tree, or to tree trunks, nor to trees where spraying may cause environmental pollution.
