KEEP OUT OF REACH OF CHILDREN
DANGER
Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. Only add directly to your swimming pool. Read all Precautionary and First Aid Statements on side panel before use.

ACTIVE INGREDIENT:
SODIUM HYPOCHLORITE: 13.3%
OTHER INGREDIENTS: 86.7%
TOTAL: 100.0%
Total available chlorine 12.69%

NET CONTENTS: 3 QT (96 FL. OZ.)
FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL:
1-800-654-6911
DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage, as necessary, to obtain the required level of available chlorine.

WHY YOU SHOULD USE THIS PRODUCT:
This is an effective 4-in-1 fast-acting sanitizer that provides advanced concentration, kills bacteria and algae, and clears cloudy water. It can also be used to shock pool water. This product is convenient, easy to use, and won't over-stabilize your pool.

For crystal clear pool water, follow our hth® 4 step pool care program: Step 1: Test and adjust pool water balance, Step 2: Sanitize, Step 3: Shock your pool at least once a week, and Step 4: Add algaecide regularly.

WATER BALANCE: Download the FREE Test to Swim™ app from your smartphone for expert water analysis, product recommendations, and dosage instructions.

<table>

<tr>
<td>Calcium Hardness</td>
<td>Above 200 ppm</td>
</tr>
<tr>
<td>Available Chlorine</td>
<td>1-4 ppm</td>
</tr>
</tbody>
</table>

NOTE: Follow label directions for each product and allow each product to dissolve and disperse before adding additional products to the pool. Always check and adjust total alkalinity before adjusting pH levels. Use a test kit or test strips that measure all these ranges.

HOW TO USE:
Add the recommended dosage of this product directly to your pool in the evening to minimize degradation by the sun. With the pump running, slowly pour this product as close to the surface of the water as possible, preferably near a return inlet.

Test free available chlorine residual with an hth® pool test kit or test strips. Do not enter pool until the free available chlorine residual is 1-4 ppm. Re-entry into treated swimming pools is prohibited above levels of 4 ppm chlorine for risk of bodily injury.

OPENING YOUR POOL:
Balance pool water per levels in WATER BALANCE section. Shock treat with an hth® shock product and stabilize your pool using hth® stabilizer. Follow label directions for each of these products.

ROUTINE CHLORINATION:
To maintain the pool, add this product according to the HOW TO USE section. Frequency of product addition will depend on temperature and number of swimmers. Use the following dosage recommendations based upon pool size.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. May cause severe skin and eye irritation or chemical burns to broken skin. Causes eye damage. • Do not get in eyes, onto skin, or on clothing. Wear safety glasses or goggles and rubber gloves when handling this product. • Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. • Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until strong odors have dissipated. • Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:
DANGER: Strong oxidizing agent. Mix only with water according to label directions. Mixing this product with chemicals (e.g., ammonia, acids, detergents, etc.) or organic matter (e.g., urine, feces, etc.) will release chlorine gas that is irritating to eyes, lungs and mucous membranes.
ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL:
Keep this product in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE "EMERGENCY HANDLING."

EMERGENCY HANDLING: In case of contamination or decomposition – Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.

HOW TO CALCULATE POOL CAPACITY IN U.S. GALLONS

<table>
<thead>
<tr>
<th>POOL SHAPE</th>
<th>FORMULA (Dimensions in feet)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rectangular</td>
<td>L \times W \times AD \times 7.5 = \text{total gallons}</td>
</tr>
<tr>
<td>Round</td>
<td>Di \times Di \times AD \times 5.9 = \text{total gallons}</td>
</tr>
<tr>
<td>Oval</td>
<td>\text{Maximum } L \times \text{maximum } W \times AD \times 5.9 = \text{total gallons}</td>
</tr>
<tr>
<td>Freeform</td>
<td>\text{Surface area (sq. feet)} \times AD \times 7.5 = \text{total gallons}</td>
</tr>
</tbody>
</table>

L = \text{Length}, W = \text{Width}, AD = \text{Average Depth}, Di = \text{Diameter}

To calculate your pool's capacity, visit hthpools.com/calculatepool.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

STOP! Do Not Mix with other products or dissolve before use.
