PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, absorbed through the skin, or inhaled. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS
This product is toxic to fish and aquatic organisms.

This product has been shown to be effective in controlling a broad range of algae. The triethanolamine complex used in this product prevents the precipitation of the copper with the carbonate or bicarbonate in water.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses if present after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance. Give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or when going for treatment.

STORAGE AND DISPOSAL
Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Nonrefillable container. Do not reuse or refill this container. IF Empty: Offer for recycling or wrap securely in several layers of newspaper and discard in trash. IF Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Do not contaminate water, food or feed by storage or disposal. Pesticide Storage: Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste facility. Container Handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then, after for recycling if available. If not, dispose of container in a sanitary landfill.

PHYSICAL AND CHEMICAL HAZARDS
Do not mix with any other chemicals. Do not use in pools where minerals present a problem.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is made especially to control algae growth in all types of swimming pools. Its long-lasting action will control existing algae. Subsequent doses will control recontamination by algae. Treated water can be used immediately...no waiting.

This product comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount of this product into a plastic watering can, fill with water and sprinkle around edge of pool. After best results, the mixture must be distributed around the pool.

WINTER DIRECTIONS: Use 4 fl. oz. for 10,000 gallons (8 fl. oz. for 20,000 gallons, 16 fl. oz for 40,000 gallons) of pool water. Pour the required amount into a plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment at a fresh filled pool or at first visible signs of algae growth. This product is compatible with non-chlorine pool/baquarium pools.
