This product is intended to be used in health clubs, fitness centers, schools, hospitals, restaurants, hotel lobbies, dental offices, hair salons and offices. This product will clean and disinfect hard non-porous surfaces of: cabinets, chairs, computers, countertops, desks, door knobs, garbage cans, seats, sinks, tables, bathtubs, shower doors, stove tops.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. CLEANING: Use one wipe to completely remove all dirt and debris from surfaces to be treated. DISINFECTING: To disinfect hard, non-porous surfaces, thoroughly wet the surface to be treated. Treated surface must remain visibly wet for 5 minutes. Allow surfaces to dry. This product is an effective disinfectant against Escherichia coli (E. coli) D157-H7, Pseudomonas aeruginosa, Salmonella enterica (Salmonella), Staphylococcus aureus, Streptococcus pyogenes (Strep), Vancomycin resistant Enterococcus faecium (VRE), Methicillin-resistant Staphylococcus aureus (MRSA), Community Associated MRSA in the resistant Staphylococcus aureus (CA-MRSA) Genotype USA-400, Community Associated Methicillin-resistant Staphylococcus aureus (CA-MRSA) Genotype USA-500 and Vancomycin intermediate resistant Staphylococcus aureus (VISA).

EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE, PYOCIDE AND PUNCTUIDE IN THE PRESENCE OF ORGANIC SOIL (3% BLOOD SERUM). For surfaces that may come in contact with food, a potable water source is required. For plastic and painted surfaces, spot test an inconspicuous area before use. This product will not harm most surfaces, including acrylic, glass and wax. Do not use on unpainted wood. Not for personal cleaning. This is not a baby wipe! Do not flush in toilet.

**VIRUCIDAL ACTIVITY:** This product is an effective virucide on hard, non-porous surfaces against Influenza A2/Hong, Herpes Simplex Virus 1, Human Immunodeficiency Virus, Type 1 (HIV-1) and Herpes Simplex Virus 2 when the treated surface is allowed to remain wet for 5 minutes. Allow surfaces to air dry. MILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES BY SUSPENDING PREVIOUSLY SOILED WITH BLOOD/ BODY FLUIDS IN CONCENTRATION leaving 1 ml of liquid to be treated on the surface for 4 hours. This is an effective method of testing of the efficacy of a disinfectant. There is no evidence that the efficacy of a disinfectant against HIV-1 is dependent on the presence of blood or body fluids. In most cases, a 5-minute exposure to the disinfectant is sufficient. SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATING AGAINST HIV-1 ON SURFACES students previously treated with HIV-1 on SURFACE/BOUNDS SOILED WITH BLOOD/ BODY FLUIDS:

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks and eye protection. CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the product.

CONTACT TIME: Allow surfaces to remain wet for 5 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

SURFACE DECONTAMINATION: To sterilize/desensitize hard, non-porous surfaces: wipe surface, using enough disinfectant to allow treated surface to remain wet for 15 seconds for Staphylococcus aureus (Staph), Staphylococcus aurum, Enterococcus (E. coli) D157-H7, or 30 seconds for Campylobacter jejuni. Let surface dry. High levels of surface contamination, clean excess dirt first.

TO OPEN PACKAGE: Cut the package by plastic bag. Pull out the first wipe and put it in from the bottom of the bag. Once the bag opens, plastic bag dispenses. Do not reseal the plastic bag after use. PRECAUTIONARY STATEMENT: Hazards to Humans and Domestic Animals.

CAUTION: Causes moderate irritation to eyes. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL: Do not contaminate food or feed by storage or disposal.

CONTAINER STORAGE/ DISPOSAL: Store in an area inaccessible to children. Wipes Dispose of wipes in trash after use. Do not flush. Disposal. Retain only with this product. Do not use or re-use except as described in the directions for use. Keep dispenser closed to retain moisture. Plastic Bag. Do not re-use or re-uses plastic bag. Offer empty plastic bag for recycling if available or discard in trash.
