- Poly-(hexamethylene biguanide) hydrochloride .............................. 94.2%
- Total ..................................................................................... 100.0%

FIRST AID - Refer to back panel for first aid instructions

FIRST AID
Have product container or label with you when calling a Poison Control Center or doctor for treatment advice.
- If in eyes: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye.
- If swallowed: Call a Poison Control Center or doctor immediately for treatment advice.
- If swallowed: Call a poison control center or doctor immediately for treatment advice.
- Have a person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
- Do not give anything by mouth to an unconscious person.
- If on skin: Take off contaminated clothing. Rinse skin immediately with water for 15-20 minutes. Call a poison center or doctor for advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN AND DOMESTIC ANIMALS
Corrosive. Causes irreversible eye damage. Harmful if swallowed. Do not get in eyes or on clothing. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling. This product is effective against Pseudomonas aeruginosa, Salmonella enterica, and Staphylococcus aureus on hard, non-porous surfaces when used at 1:250 use solution for a contact time of 10 minutes.
- Remove all animals and feed from premises, vehicles, and enclosures. Remove all litter and manure from floors, walls, and surfaces of barns, pens, stalls, chutes, and other facilities and fixtures occupied or traversed by animals. Empty all troughs, racks, automatic feeders, waterers, and other feeding and watering equipments.
- Clear away debris, thoroughly clean all surfaces with soap or detergent and pre-rinse with water. Prepare a solution by mixing 1 part F10 SC Veterinary Disinfectant with 256 parts of clean water (1/4 oz per gallon).
- Apply to surfaces as a wash, or through a foamer or spray device. Wet all surfaces thoroughly and leave for a contact time of at least 15 minutes. Leave to air dry.
- • Immerse all halters, ropes, and other types of equipment used in handling and restraining animals as well as forks, shovels, and scrapers used in removing litter and manure.
- • Ventilate buildings, vehicles, and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set, or dried. Thoroughly scrub all treated feed racks, automatic feeders, waterers, and other feeding and watering appliances with soap or detergent, and rinse with water before reuse.

PHYSICAL AND CHEMICAL HAZARDS
Do not mix with soaps or anionic products.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE
Store in tightly closed container below 30°C in a locked area inaccessible to persons unfamiliar with its use.

PESTICIDE DISPOSAL
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixtures, or rinsates is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL
Non-refillable container. Do not refill or reuse container. Triple rinse as follows: Empty remaining contents into application equipment or a mix tank. Drain for 10 seconds after flow begins to drip. Fill container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after flow begins to drip. Store rinsates for later disposal. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

SPILLS AND LEAKAGE
Soak up on a inert material e.g. dry earth and dispose of in an approved site. Flush small amounts with copious amounts of water.
