Kills 50 Listed Insects

EPA Reg No. 239-2699-73327 (1gal)
HDX Indoor and Perimeter Insect Killer
To kill Fleas & Ticks (including ticks that may transmit Lyme Disease):

Do not spray animals. Pets resting quarters may be treated with this product.

HOW TO APPLY: Spot treat infested pet resting quarters and localized areas of floors/floor coverings (rugs, carpet, tile, vinyl and wood) where pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of the pet area. To control the source of flea infestation, pets infesting the treated premises must be treated with a product registered for application on animals.

STORAGE & DISPOSAL

PESTICIDE STORAGE: Flip down white spout to close. NO NEED TO DISCONNECT SPRAYER. Close nozzle on trigger sprayer. Place sprayer back inside holder. Store this product in original container in a secure area. Protect container from freezing.

PESTICIDE DISPOSAL: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Drift and runoff from treated areas may be harmful to aquatic organisms in neighboring areas. Care should be used when spraying to avoid fish and reptile ponds in/around ornamental ponds. This product is highly toxic to bees exposed to direct treatment or residues on blooming plants. Do not apply this product or allow it to drift to blooming plants if bees are visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS: Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

NOTICE: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.
**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not water the treated area to the point of runoff. Do not make applications during rain.

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Treatment to soil or vegetation around structures;
2. Applications to building foundations, up to a maximum height of 3 feet.

Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

**QUICK CONNECT™ SPRAYER DIRECTIONS**

Remove sprayer. Pull cord ALL THE WAY OUT.

Insert white plug into spout (on cap) until it clicks.

Flip up spout. Open nozzle at end of sprayer.

Kills Annual Bluegrass Weevil, Ants (including Argentine, Carpenter, Foraging Fire Ants, Lawn, Pavement, Pavemant, Pheanoi, Pyramid, and Red-Western Harvester), Aphids (including Apple, Black Cherry, Buckthorn, Greenbug, Pea, Pecan, Rose, Roxy Apple and Walnut, Apple Maggot, Armyworm, Best Armyworm, Artikake Plume Moth, Bagworms, Bees, Beetles (including Asian Lady, Carpet, Colorado Potato, Elm Leaf, Flea, Japanese (adults), Mexican Bean, Sap, Spotted Cucumber and Striped Cucumber), Billbugs, Blister Flies, Black Turfgrass Attae, Black Veneer Woolly, Blueberry Spanworm, Boxers (including American Plum, European Plum, Lesser Peach Tree, Peach Tree, Peach Twig, Southwestern Corn, Squash Vine and Salt, Boxelder Bugs, Budworms, Catterpillars (including Alfalfa, Painted Lady, Saltmarsh, Tent and Velveteen), Cenopodes, Cherry Fruit Fly, Chiggers, Chinch Bug (including Hairy and Southern), Cockerell (including American/Palm/Fruit/Water Bug, Asian (Oriental) and German), Codling Moth, Corn Earworm, Corn Rootworm (adults), Corn Silk, Cranberry Fruitworm, Cricket, Curculio (including Cow Pea and Plum), Curvedworms, Grasshopper, Mealybug, European Horse Flea, Firecrusts (including Attack, Dog and Cat), Fungus Gnats, Grasshoppers, Green Cloverworm, Green Fruitworm, Gypsy Moth, Hickory Shockworm, Hornet/Yellow Jaktale, Hornworm (including Tobacco and Tomato), House Fly, Import Cabbageworm, Lacebug, Lady Beetle, Leafhoppers, Lodenmines (including Alder, Territor and Vegetable), Leafhoppers (including Colloderband, Redbanded and Variegated), Looper (including Artia, Cabbage and Celery), Lygus Bug, Meal Bug, Midges, Millipedes, Milts (including Broad, Catsline, Clover, Spruce, Two Spotted Spider, European Red and Pecan Soldier), Mole Crickets, Moth, Navel Orange Worm, Pearl Pigeon, Pecan Leaf Phylloxera, Pecan Nut Casebearer, Pecan Spittlebug, Pecan Stan Phylloxera, Periodical Orandi, Pickleworm, Pine Chafe (Grub), Pine Shoot Beetle, Plant bugs, Peabugs, Rindworms, Sawflies (including European and Redheaded), Scales (including San Jose, Eeouvorm, Brown Seet and California Red), Scorpions, Silverfish, Soybeanworms, Squash Bug/Phytophagin, Spiders (including Black Widow, Brown Recluse, Hobe and Wolf, Spitfirebug, Springtails, Squash Bug, Stink Bug, Star Product Pec, Moths and Beattles), Tamished Plant Bug, Thrips, Turmites, Wasps/Yellow Jaktale and Whiteflies, Also kills Ticks (including that may transmit Lyme Disease).

After You Apply

People and pets may re-enter treated area after spray has dried. Thoroughly wash all food processing surfaces and utensils with soap and water before reuse. Repeat as needed. Re-treatment is recommended at least once per season (3 months) outdoors.

For long lasting residual control, leave spray undisturbed. The product will keep killing for up to 12 months indoors.

*Applies for ants, roaches and spiders indoors on non-porous surfaces.
