Vet's Choice

DIP | SPRAY | BATHE

FLEAS  TICKS
FLIES  MOSQUITOES
MITES  CHIGGERS

ONE GALLON
Vet’s Choice

HOW TO USE THIS PRODUCT:

SPRAY: Mix 1 ounce Vet’s Choice per quart of water
Mix 4 ounces of Vet’s Choice per gallon of water

Pressure: Mix 1 gallon of Vet’s Choice per 300 gallons of water

Dip Tank: Mix 1 quart of Vet’s Choice per 50 gallons of water
Mix 1 gallon of Vet’s Choice per 200 gallons of water

Bathe: Mix 2 ounces of Vet’s Choice per 1 gallon of water

Soak Tank: Mix 1 gallon of Vet’s Choice per 400 gallons of water

The above dilution ratios are the MINIMUM amounts recommended. When enhanced performance is desired the concentrate amount can be increased at multiples of 2 until satisfactory results are obtained. Insect response and animal influence varies from one species to another. Application results will determine the preferred formulation for the treatment objective. Vet’s Choice is approved for use on newborns and nursing mothers.

For treatment of Mange - Mange Mites - Burrowing Mites

Treat infected area with full strength Vet’s Choice concentrate using a brush or sponge to apply. Apply daily keeping the infected area damp until normal skin and full hair growth recovery is observed. RINSE AFTER 20 MINUTES.

CAUTION: Do not swallow. Keep out of reach of children. Avoid contact with eyes. In case of eye contact, flush with water for at least 15 minutes.
