Applicable only to dogs and puppies more than 12 weeks old weighing 4-22 lbs.

Parastar Plus for Dogs contains fipronil and cyphenothrin to effectively control mites that may transmit Lyme disease, Rocky Mountain spotted fever, and other vector-borne diseases.

**FREQUENCY OF APPLICATION**

Hold the dog for a few seconds to give the solution time to be absorbed into the dog’s coat. When finished, wrap the tube in paper or cloth to prevent contamination of surroundings.

**How to Open:**

1. Remove product tubes from the package.
2. Separate one tube from the others.
3. Holding the tube with notched end pointing up and away from the face and body, cut off the notched end at the notches with scissors.

**Application on Dogs:**

- For application on dogs, apply contents of one tube of Parastar Plus for Dogs as a spot to the dog’s back between the shoulder blades.
- If the dog’s coat is long, turn the head to the side and point the tube at the point dog’s hair. Apply each tube directly to the skin as a spot to the dog’s back between the shoulder blades.

**Application on Puppies:**

- Puppies still nursing at home should be treated with a product that is specifically labeled for puppies less than 4 lbs.
- Puppies over 4 lbs. may be treated with Parastar Plus for Dogs after they are over 12 weeks old.

**Storage:**

- Do not remove tube from the pack until ready to use.
- Store in a cool (below 77°F) dry place inaccessible to children and pets.
- Keep cats away from treated dogs for 24 hours.
- Do not refrigerate.
- Protect from direct sunlight.

**TO PREVENT HARM TO YOU AND YOUR DOG, READ ENTIRE LABEL BEFORE EACH USE.**

**DIRECTIONS FOR USE**

1. Read the full Directions for Use, First Aid, and Precautionary Statements before using.
2. For external use only. Individualsensitivities, while rare, may occur after using any pesticide product.
4. Protect from direct sunlight.
5. Do not contaminate water, food, or feed by storage or disposal.

**HAZARDS TO DOMESTIC ANIMALS.**

1. Do not use this product on cats. Contact your veterinarian immediately.
2. Do not allow children to apply product.
3. Do not bath dogs until 24 hours after treatment.
4. For external use only. For use only on dogs weighing 4-22 lbs.
5. Do not split tube between dogs. Weigh your dog or ingested by a cat, contact your veterinarian immediately.

**FIRST AID**

- Rinse skin immediately with plenty of water for 15–20 minutes.
- Hold eye open and rinse slowly and gently with water for 15–20 minutes.
- Take off contaminated clothing. Rinse clothing before reuse.
- Call a poison control center or doctor for further treatment advice.

**PRECAUTIONARY STATEMENTS**

- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.
- Treat patient symptomatically.

**NOTE TO PHYSICIAN OR VETERINARIAN**

- The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product.
- Injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use, application area, or environmental factors.
- Use of this product is subject to the risk of injury and other unintended consequences.
- Injury, ineffectiveness or other unintended consequences may result because of such factors as environmental factors.

**NOTICE:**

- For information about refills, call 1-888-545-5973.
- If your dog has an unusual reaction to the initial application, apply only to dogs and puppies more than 12 weeks old weighing 4-22 lbs.

**MAY BE FATAL**

- Keep out of reach of children.
- Do not use on pets less than 12 weeks old or less than 4 lbs.

**WARNINGS:**

- Do not use this product on cats. Contact your veterinarian immediately.
- Apply only to dogs and puppies more than 12 weeks old weighing 4-22 lbs.
- Do not apply to dogs or puppies weighing less than 4 lbs.
- Do not split tube between dogs.
- Weigh your dog before each application.

**INSTRUCTIONS FOR USE:**

- Apply to the skin only.
- Apply only to the skin around the base of the tail.
- Do not contaminate water, food, or feed by storage or disposal.
- Do not contaminate water, food, or feed by storage or disposal.
- Do not contaminate water, food, or feed by storage or disposal.
