Effective up to 7 weeks against Ants, Cockroaches and other listed crawling insects.

Effective for 3 weeks against Flies and Mosquitoes.

For use in homes and non-food areas of kennels, commercial buildings, warehouses, theatres, office buildings, schools, motels, hotels, restaurants and food processing facilities.

ACTIVE INGREDIENTS: (2R)-3-Methyl-4-(2,2-propynyl)cyclopent-2-enyl (LRS) ox, trans-chrysanthemaldehyde, (2S) 0.10%
Extazinolate 0.08%
N-((Chlorophenothane)oxadiazolinone 0.29%
* MDG®-364, Insecticide Synergist
** Contains petroleum distillates

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing spray or smoke mist. Causes moderate eye irritation. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling. Wear long-sleeved shirt, long pants, shoes, socks and chemical-resistant gloves (barrier laminate or vinyl). Remove pets and birds and cover fish aquaria before spraying. Do not allow children or pets to contact treated surfaces until spray has dried.

FIRST AID

If ON SKIN OR CLOTHING: Take off all contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice. If INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice. If IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. If SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Contains petroleum distillate – vomiting may cause aspiration pneumonitis. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 800-255-3942.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIROMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, ditches or septic systems. Applying this product in cooler weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not move the product off and outside of the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE: Keep away from heat, sparks and open flame. Do not use under or near gas stoves, water heaters, or other gas utilities (including home heating equipment) around gas stoves, water heaters, or other gas utilities (including home heating equipment). Do not use in or near electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

PRODUCT INFORMATION

Use this spray as a spot or crack-and-crevice treatment to control cockroaches, fleas, silverfish, ticks, water bugs, and other insects listed below. Apply this product only as a space spray or crack and crevice treatment to localized areas where pests are known to occur. Spray surfaces until wet. Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas where food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Non-food/feed areas are areas such as garbage rooms, laundries, floor drains (to sewer entries and ventilations), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Do not apply directly to sewers or drains, or to any areas like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitats can occur, except as directed by this label.

Do not water the treated area to the point of runoff. Do not make applications during rain. All outdoor applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses:

1. Treatment to pat vegetable around structures.
2. Applications to lawns, turf, and other vegetation.
3. Applications to building foundations, up to a maximum height of 1 foot.

Other than applications to building foundations, all outdoor applications to impervious surfaces such as driveways, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack and crevice applications only.

FOR SPOT TREATMENT

TO KILL ANTS, BLACK WIDOW SPIDERS, CARPET BEETLES, COCKROACHES, CRICKETS, SCORPIONS, SILVERFISH, SPIDERS AND TICKS:

Spray areas where insects are found or may hide, including dark corners of rooms and closets, cracks and crevices in walls, along baseboards and door and window frames, behind and beneath sinks, slATES, refrigerators and cabinets, and around garage ports. Cleaning and after utility installations. Pets drawn out of hiding places should be sprayed directly. For ants, sprays and flats and around doors and windows, and crevice treatments only, except for the following permitted uses:

TO KILL BROWN DOG TICKS AND FLEAS:

Spray as a spot treatment to treated areas such as pet beds and resting areas, nearby cracks and crevices, and along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet’s old bedding should be replaced and removed with clean, fresh bedding before treatment. DO NOT SPRAY PETS WITH THIS PRODUCT. Pets should be treated with a registered flea and tick control product prior to reentering treated areas.

FOR CRACK AND CREVICE TREATMENT

TO KILL ANTS, BLACK WIDOW SPIDERS, BROWN DOG TICKS, CARPET BEETLES, COCCINELLIDAE, CRICKETS, FLEAS, SCORPIONS, SILVERFISH AND PROCESSING SPIDERS:

Spray in small amounts directly into cracks and crevices. Equipment capable of delivering a thin stream should be used in points between different elements of construction, between equipment and floors, openings leading to wells and hollow spaces in walls, equipment legs and bases where these insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

FLIES AND MOSQUITOS:

Use only outdoors as an air in reducing annoyance from these insects. Spray outside surfaces of windows and door frames as well as any other areas where these pests may enter the home. Also spray along cracks and localized resting areas (such as under eaves) or porches, patios and porches where these insects may congregate. Flies and mosquitoes coming to food areas of floor and floor coverings will be killed. Repeat treatment every three weeks.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage and disposal. PEDESTAL STORAGE: Keep in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

DO NOT PUNCTURE OR INCINERATE.

If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

KEEP OUT OF REACH OF CHILDREN

MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE USER OF THIS PRODUCT ASSUMES ALL RISKS OF USE, STORAGE AND HANDLING NOT IN ACCORDANCE WITH ITS DIRECTIONS AND CAUTIONS.

AVISO IMPORTANTE: Si usted no lo lee, no use este producto hasta que se lo explique de manera adecuada.
