Active Ingredients
- Clothianidin* 0.250%
- Total 100.000%

EPA Reg. No. 59639-215

PRODUCT SIZE:
INDUSTRIAL BUILDINGS, PARKS, RECREATIONAL ORNAMENTALS AROUND RESIDENTIAL, CONTROL IN LAWNS AND LANDSCAPE TREATMENT.

APPLICATION
- Timing, apply 80 - 160 lb per acre (1.8 - 3.6 lb/1,000 sq ft) just prior peak adult activity or to early stages of grub development. White grubs are made just prior to or just after peak egg laying. Use higher rates when long residual effects are required.

RESTRICTIONS
- Do not apply to areas being damaged by existing white grubs or scavenging animals without additional applications.

CONTAMINATION MANAGEMENT
- Avoid mixing this product with other chemicals or materials. Do not apply materials that have insecticide from the granule carrier.

CAUTIONS
- Keep children and pets out of treated areas until the dust from the application has settled.

NOTICE
-[Any legal or regulatory notice relevant to the product or its use]

DISCLAIMER
- Any warranty or representation, including any implied warranty or representation of merchantability or fitness for a particular purpose, is limited to this statement for products and services furnished by the Manufacturer and is effective only in the United States. In no event shall the Manufacturer be liable for incidental or consequential damages or injuries to any person or property, including the environment, resulting from the use or handling of this product or from the operation of this facility.

RISKS OF USING THIS PRODUCT
- This product is designed for use by licensed or certified applicators or applicators with proper training. Do not apply to areas where there are children or pets or areas where persons may come in contact with the application before it has had an opportunity to settle and become innocuous.

DISCLAIMER
- [Any legal or regulatory disclaimer relevant to the product or its use]
