STATEMENTS AND DIRECTIONS FOR USE

STARTS WORKING THROUGH CONTACT

CONTAINS THE SAME ACTIVE INGREDIENTS USED IN ADVANTAGE®II

ACTIVE INGREDIENTS:
Imidacloprid …………… 9.10%
Pyriproxyfen …………… 0.46%
Other ingredients ……… 90.44%
Total …………………… 100.00%

USE ONLY ON DOGS OR ON PUPPIES 7 WEEKS OF AGE AND OLDER WEIGHING 3–10 lbs.

KEEP OUT OF REACH OF CHILDREN

CONVENIENT, EASY-TO-APPLY TOPICAL SOLUTION.

DO NOT USE ON CATS.

HOW TO APPLY

1. Remove one applicator tube from the package.
2. Hold applicator tube at a 90° angle facing away from you and your pet's face and eyes. Fill cap off of tube.
3. Lift the head and place the end of the tube against the skin on your dog's back, between the shoulder blades, until the skin is visible. Force the tip of the tube about 3/8 inch into the skin. Do not apply more than one (1) tube per treatment.

HAZARDS TO DOMESTIC ANIMALS

For external use only. Do not use on puppies under 7 weeks of age or weighing less than 3 lbs. Do not use on puppies or kittens weighing less than 3 lbs. As with any product, consult your veterinarian before using this product on kittens, aged, pregnant or nursing dogs. Individual sensitivity, while rare, may occur. If any adverse reaction occurs, consult your veterinarian immediately. If signs persist, or become more severe, consult your veterinarian immediately. For use ONLY on Dogs and Puppies 7 weeks and older weighing 3–10 lbs.

DO NOT USE ON CATS. Keep cats away from treated dogs for 24 hours. If applied to or ingested by a cat, contact your veterinarian immediately.

HAZARDS TO HUMANS

CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet. If swallowed, induce vomiting unless told to do so by a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Drain the container and dispose of according to condition. Place in trash or offer for recycling if available.

PESTICIDE STORAGE:

Store in a cool, dry place inaccessible to children and pets.

STORAGE AND DISPOSAL

Side Effects: Monitor your dog’s behavior. Side effects, although very rare, may include signs of CNS depression such as weakness, staggering, or other signs of discomfort. If symptoms persist, your pet may have ingested the product. If these or other side effects (such as vomiting) occur, consult your veterinarian or call 1-855-844-4375.

HOW TO APPLY

1. Remove one applicator tube from the package.
2. Hold applicator tube at a 90° angle facing away from you and your pet's face and eyes. Fill cap off of tube.
3. Lift the head and place the end of the tube against the skin on your dog's back, between the shoulder blades, until the skin is visible. Force the tip of the tube about 3/8 inch into the skin. Do not apply more than one (1) tube per treatment.
4. Do not allow the product to run off.
5. Do not allow children to apply product.
6. Do not allow children to apply product in any other product.

DO NOT USE ON CATS.
Side Effects: Monitor your dog after application. Side effects, although very rare, may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-855-844-4375.

DO NOT USE ON CATS.

Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian immediately.

HOW TO APPLY
1. Remove one applicator tube from the package.
2. Hold applicator tube in an upright position facing away from you and your pet’s face and eyes. Pull cap off tube.
3. Turn the cap around and place other end of cap back on tube.
4. Twist cap to break seal, then remove cap from tube.
5. The dog should be standing for easy application. Part the hair on the dog’s back, between the shoulder blades, until the skin is visible. Place the tip of the tube on the skin and squeeze the tube to expel the entire contents directly on the skin. Do not get this product in your dog’s eyes or allow your dog to ingest this product. Do not allow the product to run off.
6. Discard empty tube as described in the Storage and Disposal section.
7. Under normal conditions the product is effective for a month. However, in case of severe flea infestation, retreatment may be necessary earlier than four weeks. Do not re-treat more often than once every seven (7) days. After flea control is obtained, return to a monthly retreatment schedule.

STORAGE AND DISPOSAL
PESTICIDE STORAGE: Store in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:
Non-refillable container. If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-888-845-4921 for disposal instructions. Never place unused product down any indoor or outdoor drain.
