ParaDefense™

**Precautionary Statements**

**Hazard to Humans:** Caution if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, or using the toilet.

**Hazard to Domestic Animals:** For external use only. Do not use on puppies under 7 weeks of age or weighing less than 55 lbs. As with any product, consult your veterinarian before using the product for debilitated, aged, pregnant, or nursing dogs; individual sensitivities, while rare, that occur after using any flea/parasite product for dogs. If signs persist, or become worse, consult a veterinarian immediately. If your dog is in medication, consult your veterinarian before using this or any other product.

**Restrictions:** Do not use on cats. Keep out of reach of children.

**First Aid:**

- **Product contacting eyes:** Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice.
- **Product contacting skin or clothing:** Take off contaminated clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, or using the toilet. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, or using the toilet.
- **Product contacting mouth:** Immediately rinse mouth with plenty of water. Call a poison control center or doctor for treatment advice.

**Directions for Use:**

1. Remove one applicator tube from the package.
2. Hold applicator tube in an upright position facing away from you and your pet’s face and eyes. FULL CAP TUBE.
3. Squeeze tube firmly to expel the contents of the tube evenly to three or four spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply more than one tube per treatment area.
4. DO NOT OVERDOSE. DO NOT APPLY MORE THAN ONE (1) TUBE PER TREATMENT. DO NOT APPLY MORE THAN ONE TUBE PER WEEK. DO NOT EXCEED LABELED DOSAGE AMOUNT FOR DOGS. USE ONLY ON DOGS OR ON PUPPIES 7 WEEKS OF AGE OR OVER. OVER 55 lbs. DO NOT USE ON CATS. DO NOT USE ON OTHER ANIMALS.

**Active Ingredients:**

- Imidacloprid 9.10%
- Pyriproxyfen 0.46%
- Other Ingredients 90.44%

**Total 100.00%**

**Usage:**

- **For external use only:** For use only on dogs and puppies 7 weeks of age or older weighing over 55 lbs.
- **For use only on dogs or puppies 7 weeks of age or over 55 lbs:** Do not use on other animals. Do not use on puppies under 7 weeks of age.
- **For use only on dogs:** Do not use on puppies under 7 weeks of age or weighing less than 55 lbs. As with any product, consult your veterinarian before using the product for debilitated, aged, pregnant, or nursing dogs; individual sensitivities, while rare, that occur after using any flea/parasite product for dogs. If signs persist, or become worse, consult a veterinarian immediately. If your dog is in medication, consult your veterinarian before using this or any other product.

**Side Effects:**

- **For dogs:** If applied to a cat or ingested by a cat, contact your veterinarian immediately.
- **For external use only:** Keep out of reach of children.
- **Peptide Stain:** Non-refillable container. Made in the USA.

**Pesticide Disposal and Container Handling:**

- Place in trash or offer for recycling if available. If partly filled, bring the entire container to a waste disposal facility. Do not reuse or refill this container. If empty, do not refill or attempt to relight.

**Storage and Disposal:**

- Store in a cool, dry place inaccessible to children and pets.

Side Effects: Monitor your dog after application. Side effects, although very rare, may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-855-844-4375.

HOW TO APPLY
1. Remove one applicator tube from the package.
2. Hold applicator tube in an upright position facing away from you and your pet's face and eyes. Pull cap off tube.
3. Turn the cap around and place other end of cap back on tube.
4. Twist cap to break seal, then remove cap from tube.
5. The dog should be standing for easy application. Apply the entire contents of the tube evenly to three or four spots on the top of the back from the shoulder to the base of the tail. At each spot, part the hair until the skin is visible. Place the tip of the tube on the skin and gently squeeze to expel a portion of the solution on the skin. Do not apply an excessive amount of solution at any one spot that could cause some of the solution to run off the side of the dog.
6. Discard empty tube as described in the Storage and Disposal section.
7. Under normal conditions the product is effective for a month. However, in case of severe flea infestation, retreatment may be necessary earlier than four weeks. Do not re-treat more often than once every seven (7) days. After flea control is obtained, return to a monthly retreatment schedule.

STORAGE AND DISPOSAL
PESTICIDE STORAGE: Store in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. If empty: Do not reuse or refill this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-888-261-4657 for disposal instructions. Never place unused product down any indoor or outdoor drain.
