Always lock after use.

EPA Reg No. 2217-917-538 (1.33 gal)
Roundup For Lawns1
**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**RESTRICTIONS:**
- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Do not allow people or pets to enter treated area until spray has dried.

**PRECAUTIONS:**
- Roundup® For Lawns is a ready-to-use (RTU) product intended for "spot" treatment of individual broadleaf and grass weeds by homeowners on residential lawns. This product may be applied to lawns containing the following species of grass: Kentucky bluegrass, perennial ryegrass, fescue species (including tall, red, and fine fescue varieties), bermudagrass, buffalograss and zoysiasgrass.

- Application to bermudagrass may cause temporary yellowing or discoloration but full recovery can be expected. Do not apply to bermudagrass during the daytime, when daytime temperatures exceed 85°F.

- Roundup® For Lawns should not be used on lawns containing bentgrass, St Augustinegrass, bahiagrass, centipedegrass, or carpetgrass. Do not use on dichondra or lawns with desirable covers or legumes, such as vegetable gardens, fruits, or ornamentals (flowers, trees, ground covers, hedges, landscape /flower beds and shrubs).

**WEEDS CONTROLLED:**
- Roundup® For Lawns will control or suppress the following broadleaf and grass weeds:

### BROADLEAF WEEDS

| Amaranth, purple | Amaranth, slender | Aristida | Austchloa | Austrian fiddleneck | Brachiaria, catching | Brachiaria, smooth | Brachiaria, northern n | Brachiaria, spineweed | Bragg ricks, hairy | Beton, Florida | Birdseed, field | Birdseed, hedges | Bitter Wintercress | Bittercress, hairy | Dir seeds, hairy | Dir seeds, black-eye Susan | Dir seeds, small | Black medic | Blood Flower, milkweed | Broomweed |

**Additional Information:**
- EPA Reg No.2217-917-538 (1.33 gal)
- Roundup For Lawns1
WHEN TO USE
Apply this product to actively growing weeds during the early growth stages for the best results. Two or more applications at 14-day intervals throughout the season may be required for grass weeds. Apply when daytime temperatures are between 65° and 90°F.

SPRING AND EARLY SUMMER:
- Crabgrass (large and smooth): Apply this product from crabgrass emergence until the 6 leaf stage (16 leaves) or when the crabgrass is 5 to 4 inches tall. This period begins the first time that you can see crabgrass in your lawn. Use two applications with a 14-day interval between applications.
- Fescue (green, giant and yellow): Apply this product to fescue during the early growth stages or when the fescue is 3 to 4 inches tall. Use two applications with a 14-day interval between applications.
- Yellow nutsedge: Two applications are required when the yellow nutsedge plants are 3 to 6 inches tall. Do not apply the second application until 14 days after the first application.

WINTER:
- Redtop, chickweed, lawn borers, pearlwort, Carolina geranium and other broadleaf weeds: Apply when broadleaf weeds are young and actively growing with adequate soil moisture.

BATTERY OPERATED SPRAYER with Extendable Wand
1. Remove
   - Remove wand from side clip.
   - Pull connector by slightly twisting from holder and unsnap hose completely.
   - Remove protective strip from battery compartment to activate batteries.

2. Connect
   - Insert plug at end of hose into knub opening on cap until it clicks and locks into position.
   - Extend wand fully.

3. Extend
   - Slide trigger lock on wand handle to the unlocked position.

4. Spray
   - Twist nozzle to desired spray pattern.
   - Point nozzle away from body and hold trigger for continuous spray.

IMPORTANT SPRAYER INFORMATION
- Read and follow all directions before use.
- Wand is to be used only with Roundup® Brand Products with a quick-connect cap.
- Wand may not be compatible with other products.
- Do not dispense spray water in water. Please place sprayer in dry storage.
- Do not expose skin or other cleaning agents to dry sprayer. If necessary, clean sprayer surface only with damp towel.
- Insert batteries in their correct (+/-) positions. Recharge batteries for winter storage or when spraying product for long periods of time.
- Always use a complete set of new alkaline batteries. Never mix alkaline, carbon zinc, or rechargeable batteries.
- Always follow the manufacturer’s instructions for battery disposal and use.
- Rinse wand of liquid for winter storage or place wand in a heated storage area.

HOW TO REFILL
To refill this empty container, pour product carefully and directly from the Roundup® For Lawns container designated as the ready-to-use refill container. Do NOT add water.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE:
- Twist knob to OFF. NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP. Twist sprayer nozzle to the OFF position. Engage trigger lock. Flip the wand closed and place in side clip. Store product in original container in a safe place away from direct sunlight. Keep from freezing. If frozen, allow to thaw and shake well before using.

PESTICIDE DISPOSAL:
- Concentrated ready-to-use product to be disposed of in or passed directly into the container. Reuse or refill this container according to the directions contained in the HOW TO REFILL section. If empty: Place in trash or offer for recycling. If partly filled: Call your local solid waste agency or 1-800-346-7239 for disposal instructions. Never place unused product down a indoor or outdoor drain.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
- CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID
- IF IN EYES: Close lids tightly and wash gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- IF SWALLOWED: Call a poison control center for treatment advice.

ENVIRONMENTAL HAZARDS
- This product is toxic to fish, aquatic invertebrates, and aquatic plants. Do not apply directly to water, or to areas where surface water is present, or in intertidal areas below the mean high water mark. Diligence or runoff may be hazardous to aquatic organisms in water and to plants adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Failing application equipment over the treated area will help to avoid run off to water bodies or drainage systems.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use in accordance with directions.

GUARANTEED RESULTS OR YOUR MONEY BACK: If for any reason you are not satisfied after using this product, simply send in original proof of purchase and we will refund the purchase price.
INSTRUCCIONES DE USO

Utilice este producto de modo responsable con las de sus seguridad que se indican en la etiqueta de la unión federal.
