Precautionary statements
Hazard to humans and domestic animals

Hazard to humans
Caution
Avoid contact with eyes, ears, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Hazard to domestic animals
For external use on dogs only.
Do not use on dogs or puppies less than 8 weeks of age or weighing less than 5 lbs. Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and water and rinse thoroughly with water. Consult a veterinarian immediately or for more severe reactions. Pesticides may cause irritation at the site where EFFIPRO Plus Topical Solution for Dogs was applied. Contact a veterinarian immediately if signs become persistent or occur more severe during the first few days following application. If this occurs, contact your veterinarian immediately before contacting your veterinarian. Consult a veterinarian before using this medication on another animal to prevent exposure to toxic levels.

First aid

If swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If in eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If on skin or clothing:
- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

For additional information on this pesticide product, including human and veterinary health concerns, medical emergencies, or pesticide incidents, you may call 1-800-338-3679, twenty-four (24) hours per day, seven (7) days per week.

Side effects
For oral dosing, do not use on dogs or puppies less than 8 weeks of age or weighing less than 5 lbs. Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and water and rinse thoroughly with water. Consult a veterinarian immediately if signs become persistent or occur more severe during the first few days following application. If this occurs, contact your veterinarian immediately before contacting your veterinarian. Consult a veterinarian before using this medication on another animal to prevent exposure to toxic levels.

If your dog shows signs of side effects such as redness, conjunctivitis, or other signs of discomfort, your veterinarian may be contacted at 1-800-338-3679.
DIRECTIONS FOR USE
It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

FOR EXTERNAL USE ON DOGS AND PUPPIES ONLY. For use only on dogs and puppies 8 weeks of age or older, weighing at least 5 lbs. NO PRECAUTIONARY STATEMENTS REQUIRED. For external use only. Do not use on or around animals other than dogs. Do not use on cats, birds, or fish. Do not use on any other animals. Do not administer by mouth or rectally.
