EFFITIX® Plus
Topical Solution for Dogs

FOR USE ONLY ON DOGS AND PUPPIES 8 WEEKS OF AGE OR OLDER WEIGHING AT LEAST 5 LBS.

For convenient, quick-acting, long-lasting, effective control of fleas, flea eggs, lice, fleas, ticks, mosquitoes, and lice.

• Easy and convenient application
• Stops existing infestations and prevents establishment of new infestations for fleas and lice
• Stays working on contact
• Fleas do not have to be live to die
• Waterproof for up to four weeks
• Long-lasting: Fleas, eggs, lice, pupae, flea larvae, ticks, and mosquito control for your pet
• Prevents reinfestations for one month
• Remains effective even after bathing, water immersion, or exposure to rain or sunlight
• Kills fleas that may transmit bartonella bacteria and tapeworms
• Kills and prevents flea infestations caused by fleas, lice eggs, flea nymphs, flea larvae, ticks and lice; repels against biting flies, and mites and all mosquitoes.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HAZARDS TO HUMANS

CAUTION: Harmful if inhaled or absorbed through the skin. Causes eye irritation. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS

For external use on dogs only. Do not use on dogs or puppies less than 8 weeks of age, weighing less than 5 lbs. Individual sensitivities, mild rash, or hair loss, may occur after using ANY pesticide product. Dogs may experience some temporary irritation at the site of a product application. If signs of sensitivity occur, bathe your pet with mild soap or shampoo and rinse with large amount of water. If your dog has an unusual reaction to the initial application, consult a veterinarian to determine changes in your treatment program. Client information can be obtained by calling a pest control center, environmentalist, tourism association, pest control, or veterinary product or dog care maintenance advice.

FIRST AID

IF SWALLOWED
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to tolerate.
• Do not induce vomiting unless told to do so by a poison control center or doctor.
• Do not give anything by mouth in an unconscious person.

IF IN EYES
• Hold eye open and wash gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN
• Take all contaminated clothing.
• Wash skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

Store product container or label with you when calling a poison control center or doctor, or going for treatment.

For additional information on this pesticide product, including ingredients and warnings, see a pest control or pest control association. To obtain more information, you may call 1-800-338-3959 twenty-four (24) hours per day, seven (7) days per week.

SIDE EFFECTS

No side effects are expected. Side effects may include signs of skin irritation such as redness, scratching, or itching, and other signs of discomfort. Excessive signs such as vomiting or diarrhea have not been reported. If these or other side effects occur, consult your veterinarian or call Virbac at 1-800-338-3959.

DO NOT USE ON CATS
MAY BE FATAL.
Keep out of reach of pets and children. If applied to a cat or ingested by a cat, contact your veterinarian immediately.
**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in any manner inconsistent with its labeling.

**FOR EXTERNAL USE ON DOGS AND PUPPIES ONLY.** For use only on dogs and puppies 8 weeks of age or older, weighing at least 3 lbs. To prevent harm to you and your dog, read entire label and directions before each use. Follow all directions and precautionary statements carefully. When you are sure you are applying the right dose for the weight of your dog, thoroughly mix the canister contents to ensure thorough mixing. Do not apply beyond expiration date on the product label. If your dog exhibits signs of nervousness lasting several days, seek veterinary treatment before applying any topical flea and tick control product.

**REQUIREMENTS:** Do not use on dogs or puppies less than 8 weeks of age, weighing less than 5 lbs. Do not allow children to apply product. Do not use on CATS OR HINTKIS. DO NOT USE ON OTHER ANIMALS. Do not allow your dog to ingest the product. Do not apply more than once every 28 days. Do not apply more than once every 56 days and do not allow contact with treated areas until completely dry. To spread and kill fleas, ticks, and mosquitoes: to kill fleas, ticks, and mosquitoes, spread the solution onto the dog's head, back, neck, and ears in an area in contact with the skin. To prevent re-infestation by fleas, apply only to dogs or puppies as follows:

**APPLICATION DIRECTIONS**

1. Remove one applicator from packaging. Place applicator upright and remove cap.
2. Insert one end of applicator into applicator tip. Push cap down to break seal. Remove cap prior to treatment application.
3. Part dog's fur until skin is visible. Place applicator directly against exposed skin.
4a. For use only on small dogs and puppies (8 weeks of age or older, weighing 3 to 10 lbs.) or weighing (11 to 22 lbs.): Insert entire contents onto the dog's skin at a single site, between the shoulder blades as shown in diagram 2a.
5a. For use only on medium dogs weighing 11 to 44 lbs. or large dogs weighing 45 to 88 lbs.: Apply the product to at least three spots on the dog's back, starting between the shoulder blades and continuing on to the second and third spots as shown in diagram 2b, squeezing the applicator until empty.
6a. For use only on extra-large dogs weighing 89 to 132 lbs.: Apply the product exactly to 6 spots on the dog's back, starting between the shoulder blades and continuing on to the second, third, and fourth spots as shown in diagram 2c, squeezing the applicator until empty. Ensure that OFF!® Plus Topical Solution for Dogs is not applied superficially on the dog's hair.

**FREQUENCY OF APPLICATION**

Fleas, ticks, and mosquitoes can be controlled with weekly applications of OFF!® Plus Topical Solution for Dogs. OFF!® Plus Topical Solution for Dogs can kill and control fleas, ticks, and mosquitoes for up to 3 or more months against adult fleas, ticks, and mosquitoes.

**STORAGE AND DISPOSAL**

Do not contain or absorb water, food, or liquid by storage and disposal.

**PESTICIDE DISPOSAL:** Keep this product in tight-closed original container, when not in use. Store in cool, dry, securely-closed area that is inaccessible to children and animals.

**LIMITED WARRANTY AND DISCLAIMER**

This warranty extends to the product only. It extends only to the original consumer and is void if the product is sold or transferred to another party. The warranty does not extend to any indirect, incidental, or consequential damages and is not transferable. This warranty covers only the first 12 weeks of use after the product is first activated.
