- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-800-781-4738 for emergency medical treatment information.

**DIRECTIONS FOR USE**
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Do not open until ready to use. Dust will form on collar during storage. Do not get dust in mouth or eyes. Take the collar out of the packaging and stretch to full length. The tabs that hold the collar in place will fall off when stretching; pull on any remaining tabs to remove them.

2. Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through both holes.

3. Place the collar around your pet’s neck. Feed the collar through both holes facing out. Fit to the neck of the dog. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet’s head, and two fingers can be placed between the collar and pet’s neck. Leave 1 or 2 extra inches for collar adjustment; cut off remaining excess collar and dispose of in the trash.

4. Wash hands after placing collar on pet. Replace collar every 6 months or sooner if needed.

**STORAGE AND DISPOSAL**
Pesticide Storage: Store this product in a cool, dry place away from children and pets. Pesticide and Container Disposal: Do not reuse container or used collar. Dispose of in trash.
