PRECAUTIONARY STATEMENTS

AGGREGATE TO HANDS, EYES, OR CLOTHING. LAVAGE WITH copious amounts of water for eye or skin contact. Do not allow pets to have contact with treated area. If swallowed, call a Poison Control Center or doctor immediately. Do not allow treated area to come into contact with food or food products. Wash hands thoroughly after handling. Wash all contaminated clothing before wearing. Do not maintain or use this product in the vicinity of children. Do not allow others to handle this product until it is dry. 

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. Pet owners are solely responsible for using this product properly on their cats. Adverse reactions in humans: If in eyes, flush with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor immediately for treatment. 

Directions for Use:
1. Remove product tubes from the package. 
2. Invert the tube and use the narrow end to part the cat's hair. 
3. Squeeze tube firmly to apply all of the solution to the cat's skin as a spot between the shoulder blades. Hold the cat for a few seconds to give the solution time to absorb into the coat. 

How to Apply:
1. Read all of the label and use the tube labeled for 'your cat.' 
2. Wet your hand and use the solution. 
3. Start the application. 

How to Open:
1. Call a Poison Control Center or doctor immediately for treatment advice. 
2. Do not give anything by mouth to an unconscious person. 
3. Do not induce vomiting unless told to do so by the poison control center or doctor. 

Precautionary Statements:
1. Do not use this product on animals other than cats. 
2. Do not allow your cat to ingest this product. 
3. Do not use on animals pregnant or nursing cats. 

RESTRICTIONS:
1. Do not treat your cat with more than one pesticide product at a time. Over sensitivities, while rare, may occur after using ANY pesticide product for cats. Do not use this product on cats as a part of a scheduled or constant exposure program. Do not use this product in combination with other insecticides used for other pests. 

Side Effects:
1. Monitor your cat after application. Some cats may experience temporary irritation at the site of product application. 

Storage and Disposal:
1. Store this product in a cool (below 77°F /25°C) dry place inaccessible to children and pets. 

Waste Management Information:
1. Do not remove tube from pack until ready to use. 
2. Do not split one tube between two cats. 
3. Do not use multiple tubes on one cat. 

Questions or Medical Emergency: 1-800-224-7387

ADDITIONAL INFORMATION:
1. Pet owners are solely responsible for using this product properly on their cats. 
2. Do not use on animals other than cats. 
3. Do not allow others to handle this product until it is dry.
