**FIRST AID**

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by the doctor. Do not give any liquid to the person. Do not give anything by mouth for 15 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Remove contact lenses, if any, and flush eyes with large amounts of water. Call a poison control center or doctor for treatment advice.

IF INHALED: Remove from exposure to the inhalant. Call a poison control center or doctor for treatment advice.

**HOT LINE NUMBER**

Have the container or label with you when calling a poison control center or doctor, or going for treatment. In case of Medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1.888.740.8712.

**NOTE TO PHYSICIAN**

Contains petroleum distillate - vomiting may cause aspiration pneumonia.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact and/or exposure may cause skin irritation in some individuals. Wash thoroughly with soap and water after handling and before eating, chewing, gumming or using tobacco. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter into or runoff into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pest off the treatment area. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drip to blooming crops or weeds, which may carry the active ingredient to nearby non-treatment areas.

**PHYSICAL AND CHEMICAL HAZARDS:** Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS**

Do not allow adults, children or pets to enter the treated area until spray has dried. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Remove pets, cover and/or remove fountains, fountains and other water features, ponds, ornamental fish, and other aquatic life. Do not use treated areas prior to contact with the treated area. Do not eat or drink treated areas until spray has dried. Do not use treated areas until spray has dried. Use only on non-porous surfaces.

**ACTIVE INGREDIENTS:**

- Pyrethrins.......................... 0.10%
- Deltamethrin.......................... 0.02%

**TOTAL:** .......................... 100.00%

* Contains petroleum distillate.

**PRECAUTION AL CONSUMIDOR:** Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. (TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)

**KEEP OUT OF REACH OF CHILDREN**

See back panel for First Aid and Additional Precautions

**NET WEIGHT:** 1 lb (453.59g)

**PRODUCT #4340**

EPA Reg. No. 1021-2716-13283
EPA Est. No. 901-KS-1, 5693-MA-1, 44646-TX-1
See code on can for establishment location.

**INDOORS**

Insecticides (including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains), Ants, Asian Lady Bird Beetle (Lady bugs), Bedbugs, Boxelder Bugs, Centipedes, Crickets, Beetles, Fireflies, Flies, Palmetto Bugs (Waterbugs), Silverfish, Sawbugs and Ticks: Apply as a general surface, spot or crack & crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, under the inside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly.

Ticks (Including Ticks Which May Carry Lyme Disease) and Fleas ON SURFACES: Remove pet bedding and dry or clean thoroughly. Spray pet resting quarters. Adult Fleas contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat treatment after 2-4 weeks or if re-infestation occurs.

Spiders: Apply along and behind baseboards, to window and door frames, corners, pipes, storage locations, attics, crawl spaces and other areas where these pests are found.

**OUTDOORS**

Point nozzle away from face. Hold can on a slight downward angle, approximately 12-15 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing.

PESTS ON OUTDOOR SURFACES: To control infestations of outdoor pests such as Ants, Cockroaches, Ticks and Spiders, spray foundation of building when these insects are active and may find entrance up to a height of 2-3 feet. Apply as a residural spray to outside surfaces of buildings where insects tend to congregate. Spray areas include (but are not limited to) screen windows, frames, eaves, porches, patios, balconies, garages, picnic and diving areas, windows, and doors to keep out ants that may enter. Repeat treatment weekly if necessary.

CRAWLING INSECTS: Ants (including Argentine, Carpenter, Fire, Harvester and Pharaoh), Asian Lady Bird Beetle (Lady Bugs), Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders, Sawbugs, Earwigs, Boxelder Bugs and Spiders. Spray insects directly.

TICKS (INCLUDING LONE STAR TICKS, DEER TICKS, BLACK LEGGED TICKS): Spray areas where these pests are found. Ants: Apply to ant trails and hills. Spray around nests hidden under steps, brick, wood, concrete, etc. Break apart accessible nests and spray and around and underneath debris. Repeat if ants return.

WASPS, HORNETS AND BEES: Spray individuals directly and vacate area. Do not treat whole nests with this product.

FLYING INSECTS: HOUSEFLIES, GNATS, MOSQUITOES AND MOTHS: Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens and other areas where these pests may enter. Spray around areas such as porches, windowsills, around entry points to homes, porches, patios, doors, windows, doors and other areas where these insects may rest. Insects coming to rest on treated surfaces will be killed. Repeat weekly or when insects return.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal. Pesticide Storage: Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Pesticide Disposal and Container Handling: Do Not Puncture or Incinerate. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.

**NOTICE:** Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller’s liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, seller shall have no liability for consequential damages.
