**Hazards to Precautions and Domestic Animals**

**Hazardous to Humans and Domestic Animals**

**Hold eye open and rinse slowly and gently with water for 15-20 minutes.**

Call a poison control center or doctor for treatment.

**FIRST AID**:

For eyes:

- If you wear contact lenses and you can remove them, remove them after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment. Never rub eye.

For skin:

- Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.

**Disinfection / Virucidal / Fungicidal / Mold & Mildew Control Directions**

Apply Odor Genie Mold Odor Destroyer undiluted to hard, non-porous surfaces.

**Shake well before using**. Apply over the entire surface with a cloth, mop, sponge, sprayer or by misting. Treated surfaces must remain wet for at least 60 minutes. For influenza Virus Type A and Human Coronavirus, treated surfaces must remain wet for 2 minutes. Wipe dry with a cloth, sponge or mop or allow to air dry. For heavily soiled areas, a second treatment is recommended.

**Spray it directly or use a sprayer.**

**Surface Treatment**:

- Wood
- Metal
- Ceramics
- Nonporous Surfaces

**Surface Preparation**:

- Clean the surface with a soap and water solution before applying Odor Genie Mold Odor Destroyer.

**Spray**

- For sprayer applications, use a coarse spray device. Apply Odor Genie Mold Odor Destroyer to the entire surface to be treated and allow to air dry or for 60 minutes. For heavily soiled areas, a second treatment is recommended.

**Dilution**:

- For sprayer applications, use a coarse spray device. Apply Odor Genie Mold Odor Destroyer to the entire surface to be treated and allow to air dry or for 60 minutes. For heavily soiled areas, a second treatment is recommended.

**Surface Cleaning & Deodorization**:

- Apply Odor Genie Mold Odor Destroyer undiluted to hard, non-porous surfaces, such as locker rooms, dressing rooms, shower and bath areas and exercise facilities. Allow surface to remain wet for 30 minutes.

**Surface Disinfection**:

- Apply Odor Genie Mold Odor Destroyer undiluted to hard, non-porous surfaces, such as locker rooms, dressing rooms, shower and bath areas and exercise facilities. Allow surface to remain wet for 10 minutes.

**Mold & Mildew Control**:

- Apply Odor Genie Mold Odor Destroyer undiluted to hard, non-porous surfaces, such as locker rooms, dressing rooms, shower and bath areas and exercise facilities. Allow surface to remain wet for 30 minutes.

**Storage and Disposal**

**Do not contaminate soil, food, or feed by storage or disposal.**

**Pesticide Storage**:

Clean, dry and store in container away from food or feed materials.

**Contents Disposal**:

- Hazardous flammable container. Do not re-use or re-fill. For recycling or reconditioning, contact your local waste management authority.
