Statements and First Aid.

Stock No. V01411

Net Contents: 67.6 US fl oz (2 L)
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective rubber or chemical resistant gloves. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contaminate the use of gastric lavage. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Open dumping is prohibited. Store in original container in areas inaccessible to children.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Wrap empty container and put in trash.

For Hospitals, Medical and Dental Offices, Nursing Homes and other Medical Facilities: According to the ADAC Site Dilution Test, this product is an effective hospital disinfectant in the presence of 5% organic serum against the following gram negative and gram positive organisms: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enteritidis, Enterococcus faecalis – Enterococcus faecalis resistant (EFE), Escherichia coli, Klebsiella pneumoniae, Staphylococcus aureus, S. aureus methicillin-resistant (MRSA), Streptococcus faecalis. For Scholas, Public Rest Rooms, Athletic Facilities, Hotels and Other Non-Acute HealthCare and Industrial Uses: According to the ADAC Site Dilution Test, this product is an effective broad spectrum disinfectant against 50% organic serum against the following organisms: Staphylococcus aureus, Salmonella enteritidis, Enterococcus faecalis – Enterococcus faecalis resistant (EFE), Escherichia coli, Klebsiella pneumoniae, S. aureus methicillin-resistant (MRSA), Streptococcus faecalis. For Water: The effectiveness of this product has been determined in the presence of 5% serum against the following organisms: Influenza Viral Type A/B, Resistant (H1N1) and Resistant (H5N1), Seasonal Viruses, Viral Influenza Viruses. Use this product on washable surfaces, nonporous surfaces of: Bathrooms, Basements, Cans, Closets, Countertop, Doors and handles, Floors, Showers, Showers stalls, Sinks, Toilets, Tub, Tubs, Washbasins, Windows, Mirrors, Other hard nonporous surfaces of: Fiberglass, Glazed ceramic, Glazed porcelain, Glazed porcelain, Metal, Sealed stone, Stainless steel, Glass, Kiln, Porcelain 2000/1911 influenza A virus, Formerly called swine flu.

Preparation of Site-Solution:

Disinfection – Medical (5%) 2 oz. per gallon of water
Disinfection – Non-Medical (1:128) 1 oz. per gallon of water
Virocidal (1:129) 1 oz. per gallon of water

OBJECTIVES FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISINFECTANT/ANTIVIRAL/ANTIBIOTIC/MOULD AND MILDEW CONTROL DIRECTIONS: Apply use-solution to hard, nonporous surfaces, thoroughly wetting surfaces with a cloth, mop, sponge, sprayer or by immersion. Treated surfaces must remain wet for 10 minutes. Do not rinse. Do not use on silicone, glassware, or acrylic as a disinfectant. For spray applications, use a coarse spray device. Spray 6 - 8 inches from the surface to be treated. Do not rinse or dry. For all applications, be sure disinfectant is not allowed to contact the materials that may be damaged by the use of disinfectants or antivirals. For nonporous surfaces, allow to dry in place. Repeat every seven days or more often if new growth appears. This product is not for use on medical device surfaces.

GLASS/CLEANSING/REMOVER/DIRT REMOVAL DIRECTIONS: Add 1 - 2 oz. of this product per gallon of water to clean and disinfect window, mirror and glass surfaces. Use a coarse spray device. Spray 6 - 8 inches from surface. Rub with a sponge or cloth. Do not remove spray. Pour-on Fast acting: 1 oz. per gallon of water.

For Medical and Dental Offices, Nursing Homes and other Medical Facilities: According to the ADAC Site Dilution Test, this product is an effective hospital disinfectant in the presence of 5% organic serum against the following gram negative and gram positive organisms: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella enteritidis, Enterococcus faecalis – Enterococcus faecalis resistant (EFE), Escherichia coli, Klebsiella pneumoniae, Staphylococcus aureus, S. aureus methicillin-resistant (MRSA), Streptococcus faecalis.
