FRONTLINE GOLD FOR DOGS remains effective even after bathing, water immersion, or exposure to sunlight. Avoid tick control is needed. Although FRONTLINE GOLD FOR DOGS can control fleas for up to three months, if there is reinfestation or if the dog has fleas which may cause flea allergy dermatitis, a once monthly application may be needed.

FRONTLINE GOLD FOR DOGS is approved for use on dogs, including breeding, pregnant and lactating bitches.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not use or store near heat or open flame.

PESTICIDE STORAGE:

Storing at room temperature (68°F to 77°F). Avoid cold temperatures in the winter or extreme heat in the summer. Store in a cool, dry place, out of the reach of children. Keep tightly closed.

CONTAINER HANDLING:

Position the dispensing tip on the dog's back between the shoulder blades. Use the dispensing tip of the tube to part the dog's hair so that the product will be of the tube to form a stripe as you move from the shoulder blades along the dog's back to the base of the tail. You may bathe your dog 48 hours after application.

Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-660-1842.

Before USE

Protect from sunlight. Use at lowest effective dose. You may use this product to prevent or treat fleas and ticks. Be sure to read and follow the directions on the package. If applied to or ingested by a cat, contact your veterinarian. By a cat, contact your veterinarian. If applied to or ingested by a cat, contact your veterinarian.

FIRST AID

If empty:
Non-refillable container. Do not reuse or refill this container.

If partly filled:
Citric acid crystals may form in the container, which may affect the flow of the product. If this occurs, gently squeeze the tube until the flow is restored.

If used by DOGS

If treated dogs for 24 hours.

Keep cats away from treated dogs and do not reapply to treated dogs for 30 days.

If used by CATS

If empty:
Non-refillable container. Do not reuse or refill this container.

If partly filled:
Citric acid crystals may form in the container, which may affect the flow of the product. If this occurs, gently squeeze the tube until the flow is restored.

If used by CATS

Monitor your cat after application. Side effects may include vomiting, diarrhea, or other signs of discomfort. Call a veterinarian if side effects continue or if your cat shows signs of toxicity.

WARNING TO DOMESTIC ANIMALS

For external use only. Do not use on dogs or puppies under 8 weeks of age or weighing less than 89 lbs.

HAZARDS TO DOMESTIC ANIMALS

For external use only. Do not use on dogs or puppies under 8 weeks of age or weighing less than 89 lbs.
