DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

WHY YOU SHOULD USE THIS PRODUCT:
This non-foaming long-lasting concentrated algaecide prevents and kills green and yellow algae. One treatment of this economical formula will prevent algae growth in your swimming pool for up to 90 days. Take a sample of pool water to your Authorized poolife® Dealer regularly for a detailed water analysis.

METHOD OF APPLICATION:
Always apply chemicals separately. Never combine them. This is a concentrated product and it works best when added directly to the pool water with the pump running. After addition of algaecide, keep the pump running for several hours and wait 15 minutes before entering pool. Pools with heavy growth of algae must be cleaned prior to using this product. Maintain pool water in the pH range 7.2 to 7.6. Adjust pH to 7.2 for severe algae.

OPENING YOUR POOL:
Use poolife® Intensive Stain Prevention or poolife® Stain Stop to prevent scale and stain formation. Next, add 10 fl. oz. of poolife® EXCLUSIVE POOL CARE COLLECTION ALGAECIDE® 90 per 10,000 gallons of pool water. MAINTENANCE DOSE: Add 10 fl. oz. of poolife® EXCLUSIVE POOL CARE COLLECTION ALGAECIDE® 90 per 10,000 gallons of pool water every three months to prevent algae growth. VISIBLE ALGAE: If the pool has slight visible algae growth, use the "Maintenance Dose".

SEVERE ALGAE: Add 32 fl. oz. of poolife® EXCLUSIVE POOL CARE COLLECTION ALGAECIDE® 90 per 10,000 gallons of pool water. When pool is free of visible algae, use the "Maintenance Dose".

CLOSING YOUR POOL:
When swimming season is over, add 16 fl. oz. of poolife® EXCLUSIVE POOL CARE COLLECTION ALGAECIDE® 90 per 10,000 gallons pool water. This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is opened for the following summer. In Case of Emergency Call: 1-800-654-6911.

ALGAECIDE 90
- Prevents algae growth for up to 3 months
- Prevents green and mustard swimming pool algae
- Swim immediately

ALGAECIDE
- Copper Ethanolamine Complex, Mixed
- Dimensions: 9 x 7 3/8" x 3/8"

OTHER INGREDIENTS: 6.48%
