CU-89-RTU II™
Copper Naphenate (2% copper as metal)
COPPER FUNGICIDE - INSECTICIDE FOR WOOD
PREVENTS WOOD DECAY - TERMITES, MILDWE
INCLUDING POLES AND POLETOPS, BORE HOLES,
POSTS, BEAMS, LUMBER, BRIDGE AND MINE TIMBERS AND PILING.
For Exterior Use Only

ACTIVE INGREDIENT: Copper naphenate* 17.00%
INERT INGREDIENT: 83.00%
TOTAL 100.00%
"Equivalent to 2% metallic copper"

CONTAINS PETROLEUM DISTILLATES
KEEP OUT OF REACH OF CHILDREN
WARNING
See other precautionary statements on side panel.

FIRST AID

If inhaled Move person to fresh air.
If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible.
Call a poison control center or doctor for further treatment advice.

If on skin or clothing Take off contaminated clothing.
Rinse skin immediately with plenty of water for 15-20 minutes.
Call a poison control center or doctor for treatment advice.

If in eyes Hold eye open and rinse slowly and gently with water for 15-20 minutes.
Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice.

If swallowed Call poison control center or doctor immediately for treatment advice.
Have person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by the poison control center or doctor.
Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
In case of medic questions, emergencies, or accidents involving this product, call CHEMTREC at 1-800-424-9300.

Note To Physicists: Contains petroleum distillates – vaporing may cause aspiration pneumonitis.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING: Causes skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed, inhaled or absorbed through skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not breathe vapors or mist during brush, roll, spray or drip applications. Wear a NIOSH/MSHA-approved mist/vapor respirator when spraying for continued or prolonged use of this product or for frequent use of this product.

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not apply directly to water, to areas where water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS
COMBUSTIBLE. Apply this product only as specified on label. Do not use, pour, spill or store near heat or open flame. Use only with adequate ventilation. Close container after each use.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wood Preservation: For the control of fungal rot and decay, mold and mildew, moss, termites (including Formosan termites) and other wood destroying insects in wood products.

APPLICATION SITE
CU-89-RTU II is only intended for use on exterior wood. Do not apply to food or feed contact surfaces. Do not contaminate drinking water with treated articles. CU-89-RTU II provides protection against moisture, rot and mildew on any natural wood surface. The copper naphenate wood preservative and insecticide will preserve, protect and seal wood surfaces that will be in contact with soil, water or concrete.

The copper fungicide gives a green cast to CU-89-RTU II. This product is not intended for use as a stain. The green color will fade within a few months when exposed to sunlight. Oil or alkyl stains or paints can be applied over CU-89-RTU II after overnight dry but the green may bleed through lighter colors. Do not over coat CU-89-RTU II with later paint or clear finishes until thoroughly cured (6 to 12 months). Application of this product may produce a strong, lingering unpleasant odor.

PREPARATION
Wood should be clean, dry and seasoned.

APPLICATION
CU-89-RTU II should be applied liberally by brush roller, spray, total immersion, surface flooding or internal injection under pressure for the prevention and control of fungal decay organisms.

Dipping - Wood should be dipped for 3 to 30 minutes per inch of thickness. Fence posts, piles, foundation timber and heavy wooden members should be free of bark, dry, and well seasoned and immersed in the product for a period of 12 to 48 hours to be an effective wood preserver.

Internal Treatment - To internally treat previously treated utility poles or other foundation timbers apply CU-89-RTU II solution to interior cavity of wood structure through prepared openings using air or mechanical pressure pump. Apply 1 gallon or to refusal.

Use one coat on materials to be finished with paint or stain. If no finish is to be used, apply two liberal coats within the hour. Thoroughly cover ends. The more preservative absorbed by the wood, the longer and more effective the protection. Clean painting equipment with mineral spirits for quick clean up.

Coverage: One gallon will treat approximately 200-300 square feet.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store at temperature between 0°F and 120°F. If the product has been spilled or is leaking, remove the source of the spill or leak. Recover free liquid. Spread absorbent, then pick up and place in containers. Then, where applicable, wash area with detergent and water. Store product in the original container only. Keep container closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from use of this product should be disposed of according to state and local regulations. Do not contaminate water, food, or feed by storage and disposal.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling if available or place and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
