Humidifier Cleaning Fish

Kills up to 99% of odor causing bacteria

Keeps your humidifier cleaner longer!

Works in all humidifiers

The Protec Cleaning Fish features an antimicrobial, Aquastat®, that helps keep your humidifier cleaner, longer. Simply drop in the tank for fresh, clean mist!

Why use a Protec Cleaning Fish?

- Humidifier tanks hold water which is an ideal breeding ground for microorganisms. This can cause odor and buildup, and may require more frequent cleaning. The Protec Cleaning Fish:
  - Offers continuous protection against slimy buildup in the humidifier
  - Contains no harmful chemicals
  - Keeps cleaning for 30 days

- Reduces up to 99% of odor causing bacteria, unsightly mold and algae growth versus untreated humidifier surfaces.

Directions for Use:

1. Drop one (1) Protec Cleaning Fish into the humidifier tank. Use one fish for up to two (2) gallons of water.
2. Fill tank with fresh water.
3. Operate humidifier according to the manufacturer’s directions and replace the Protec Cleaning Fish after 30 days of use.

Storage & Disposal

Do not contaminate water, food or feed by storage and disposal. Nonrefillable container. Do not open or attempt to empty the cartridge. Retain this label for reference.

- Securely wrap outer carton in several layers of newspaper and discard in trash.
- Offer for recycling, if available.
