This product controls the following mold for up to 7 days at 0.5 oz. per gal. of 400 ppm hard water (660 ppm active) and 5% soil on hard, non-porous surfaces:

- *Candida albicans*,
- *Penicillin Resistant Staphylococcus aureus* (MRSA),
- *Vancomycin Resistant Enterococcus faecalis* (VRE),
- *Vancomycin Intermediate Staphylococcus aureus* (VISA),
- *Streptococcus pneumoniae*,
- *Klebsiella pneumoniae*,
- *Enterococcus faecalis*.

This product may be used to fill and refill clean, properly labeled containers for refilling. This product is for use on hard, non-porous surfaces excluding fenestration or fenestration opening surfaces. This product is not application retarder formulation. This product is not an algaecide or a bactericide. This product is for use as a one-step, general, hospital, medical disinfectant, fungicide, virucide*, cleaner:

- for animal premises,
- for human use on hard, non-porous surfaces.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DIRECTIONS FOR USE**

1. For use as a one-step, general, hospital, medical disinfectant, fungicide, virucide*, cleaner:
   - Spray or sponge surfaces with a pre-cleaned, non-porous surface. Apply use solution of 0.5 oz. of this product per gal. of water (or equivalent use dilution) to disinfect hard, non-porous surfaces.

2. Apply use solution of 0.5 oz. of this product per gal. of water to disinfect hard, non-porous surfaces.

3. For animal premises:
   - Prepare a use solution of 2.25 oz. of this product per gal. of water for effectiveness against designated animal viruses on the label.
   - Apply this use solution to animal premises with a coarse trigger spray device, or refer to the label for specific application rates and procedures. This product is approved for animal premises by the Federal Drug Administration (FDA). Special Instructions for Disinfection and Decontamination Against Avian Influenza A (H5N1) Virus and H5N2 Virus (Avian Influenza A (H3N2) Virus) for the Prevention of Livestock. It is a violation of Federal Law if these wastes cannot be disposed of by the use according to label instructions, contact your State Pesticide or Environmental Agency for assistance. This product is approved for disposal in accordance with Federal, State, or Local Regulations for infectious waste disposal. Do not contaminate water, food, or feed by storage and disposal.

4. In the event of a spill, clean up with a toxic waste absorbent and dispose of according to federal, state, and local regulations for infectious waste disposal.

5. Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE DISPOSAL:**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Agency for assistance. This product is approved for disposal in accordance with Federal, State, or Local Regulations for infectious waste disposal. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**ENVIRONMENTAL HAZARDS**

This product is hazardous to aquatic life. Use caution in handling. Do not contaminate water, food, or feed by storage and disposal. Do not contaminate water, food, or feed by storage and disposal. Do not contaminate water, food, or feed by storage and disposal.

**FIRST AID**

If you do not understand the label, find someone to explain it to you in detail.
