Keep out of reach of children.

Danger:

Keep out of reach of children.  Each bottle contains a safety lock for child protection.  Do not house animals or employ equipment until treatment has been absorbed, set or dried.  In case of accidental ingestion, do not induce vomiting, but seek immediate medical assistance.  Do not give anything by mouth to an unconscious person.  Do not inhale spray mist.  Do not come into contact with the eyes.  Use personal protective equipment including gloves.  Wash skin and clothing contaminated with this product immediately.  Rinse off exposed skin.  For children under the age of 1, use only under close adult supervision.  Wash all equipment, work surfaces and contaminated clothing with soap and water before reuse.  If you have any questions about the safe use of this product, contact your State, Provincial, or Local Environmental Protection Agency.

To disinfect food processing premises:

Spray 6-8 inches from surface, rub with sponge or cloth.  Do not breathe spray mist.  Before using, food products and packaging materials must be removed from the area or carefully protected.  Do not house animals or employ equipment until treatment has been absorbed, set or dried.  In case of accidental ingestion, do not induce vomiting, but seek immediate medical assistance.  Do not give anything by mouth to an unconscious person.  Do not inhale spray mist.  Do not come into contact with the eyes.  Use personal protective equipment including gloves.  Wash skin and clothing contaminated with this product immediately.  Rinse off exposed skin.  For children under the age of 1, use only under close adult supervision.

To disinfect meat processing premises:

DC 33 is a phosphate free formulation designed to aid in the reduction of cross-contamination on treated surfaces not only in hospitals, but in schools, institutions and industry.

DC 33 is a disinfectant cleaner that disinfects, cleans and deodorizes in one labor saving step.  DC 33 meets AOAC Use-Dilution Test Standards for hospital disinfectants.

Special instructions for use:

For heavily soiled areas, a pre-cleaning step is required.  Apply solution with a cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer so as to wet all surfaces thoroughly.  Allow the surface to remain wet for 10 minutes, then remove excess liquid.

PRECAUTIONARY STATEMENTS:

DANGERS
