- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If INHALED:
- Hold open nose and mouth tightly and gently with water for 15 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If SKIN CONTACT:
- Remove contaminated clothing and shoes. Wash skin with plenty of soap and water.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact PERS (212) 650-8335 for emergency medical treatment information.

HAZARD TO PETS: This product is toxic to birds. Any amount has been ingested, with cyanide and other cyanogenics left in and may cause asphyxiation and should be avoided.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or using the toilet.

Environmental Hazards
This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow residues to enter or run off into storm drains, ditches, wells, septic systems, or bodies of water. Applying this product in calm weather when rain is not predicted for the next 3 hours will help to ensure that wind or volatility will not blow or wash any part of the treated area. Beware of any product that lands on a driveway, sidewalk, or street, lock into the treated area of the lawn or garden with a hose to prevent run off to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. In New York City, this product may NOT be applied to any part of a lawn area defined within 50 feet of a water body / lake, pond, stream, weir, wetland, or drainage ditch. In New York State, only make a single repeat application of Landscapers Select® Surrender Lawn & Perimeter Insect Granules if there are signs of insect activity; fast, but not sooner than seven days after the first application. Do not allow children or pets to enter the area until dry.

Application is prohibited directly into rivers, drains, or to any area like a gutter where discharge to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any ditches or swales after application. Apply this product directly to the lawn or garden area. Water treated areas as directed on this label. Do not water the treated area with a sprinkler. Do not make applications during the rain.
