This product is recommended for use in retail food establishments including: restaurants, hotels and other food service and food preparation settings where the prevention of cross-contamination between treated surfaces is of primary importance.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO SANITIZE HARD NON POROUS FOOD-CONTACT SURFACES:
For Lightly Soiled Surfaces: Pre-clean surface by spraying until wet and wipe clean. To sanitize, spray this product 6-8 inches from surface until thoroughly wet. Allow treated surface to remain wet for one minute. No rinsing required.

For Heavily Soiled Surfaces: Remove all food particles and soil from surfaces that are to be sanitized by thoroughly washing the surfaces with a detergent, followed by a potable water rinse before applying this product. Spray this product 6-8 inches from surface until thoroughly wet. Allow treated surface to remain wet for one minute. No rinsing required.

PRECAUTIONARY STATEMENTS
Physical or chemical hazards
Combustible. Do not use or store near heat or open flame.

STORAGE AND DISPOSAL
Storage: Do not store near heat or open flame. Use product only from original container.
Container Disposal: Do not reuse or refill this container. Offer for recycling. If recycling is not available, put in trash collection.
