HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-855-844-4375 for human or animal emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

USE RESTRICTIONS
Do not open package containing collar and ready to use. Do not use on puppies under 12 weeks. Do not use on cats. Consult a veterinarian before using this product on debilitated, aged, pregnant, medicated, or nursing animals. Sensitive may occur after using APEX pesticidal products for pets. If signs of sensitivity occur, remove collar and bathe your dog with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

PRODUCT INFORMATION
PetLock® 6 Month Collar provides full season, up to 6 months protection against fleas and ticks. Use PetLock® 6 Month Collar year round for optimum control. PetLock® 6 Month Collar contains deltamethrin insecticide and has been especially formulated in a polymer matrix to provide effective control of fleas and ticks for up to 6 months. Fleas (Ctenocephalides canis) and ticks (Dermacentor variabilis), which may transmit Lyme disease. Collar protects dogs from fleas and ticks up to 6 months when worn continuously. Apply new collar on dog every 6 months.

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE

USE ON DOGS 12 WEEKS AND OLDER
Do not open package until ready to use. Dust forms on collar during storage. Do not get dust in mouth or eyes. Remove collar from package and stretch to full length. The tabs that held the collar in place will fall off when stretching, pull on any remaining tabs to remove them. Wipe collar with a damp paper towel or disposable cloth prior to applying, to remove dust on collar. Place collar around dog’s neck; adjust for fit by sliding the collar through the buckle and restraining loops. Cut off and dispose of any excess length by wrapping it in newspaper and placing in trash. The collar must be worn continuously to allow for growth of the dog and permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened, will snugly slide over the dog’s head. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Water does not affect the collar’s effectiveness or the pet’s protection. If the dog goes swimming or is in the rain, it is not necessary to remove the collar. PetLock® 6 Month Collar may be used in addition to a lead or constraint collar. Use only one PetLock® 6 Month Collar at a time. Collar should be worn continuously. Apply a new collar every 6 months.

PRODUCT INFORMATION
PetLock® 6 Month Collar provides full season, up to 6 months protection against fleas and ticks. Use PetLock® 6 Month Collar year round for optimum control.

PetLock® 6 Month Collar contains deltamethrin insecticide and has been specially formulated in a polymer matrix to provide effective control of fleas and ticks for up to 6 months. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Fleas (Ctenocephalides sp.) on the dog will be killed. Fleas which are present in the dog’s environment that may infest your dog will be killed. Ticks on the dog will be killed, including Brown dog tick (Rhipicephalus sanguineus), American dog tick (Dermacentor variabilis), and deer ticks (Ixodes scapularis and Ixodes pacificus), which may transmit Lyme disease. Collar protects dogs from fleas and ticks up to 6 months when worn continuously. Apply new collar on dog every 6 months.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS 12 WEEKS AND OLDER

Do not open package until ready to use. Dust forms on collar during storage. Do not get dust in mouth or eyes. Remove collar from package and stretch to full length. The tabs that held the collar in place will fall off when stretching; pull on any remaining tabs to remove them. Wipe collar with a damp paper towel or disposable cloth prior to applying, to remove dust on collar. Place collar around dog’s neck; adjust for fit by sliding the collar through the buckle and restraining loops. Cut off and dispose of any excess length by wrapping in newspaper and placing in trash. Wash hands after placing collar on dog.

The collar must be worn loosely to allow for growth of the dog and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened, will snugly slide over the dog’s head. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Water does not affect the collar’s effectiveness or the pet’s protection. If the dog goes swimming or is out in the rain, it is not necessary to remove the collar. PetLock® 6 Month Collar may be used in addition to a lead or constraint collar. Use only one PetLock® 6 Month Collar at a time. Collar should be worn continuously. Apply a new collar every 6 months.

STORAGE AND DISPOSAL
Pesticide Storage: Store this product in a cool, dry place away from children and pets.
Pesticide Disposal and Container Handling: Do not reuse container or used collar. Dispose of in trash.
