CONTROLS OVER
LISTED COMMON INSECT PESTS

ACTIVE INGREDIENT:
Permethrin [(3-phenoxyphenyl)methyl(±)-cis,trans-3-(2,2-dichlorovinyl)-2,2-dimethylcyclopropene-1-carboxylate] 
CAS #52645-53-1* …………………… 2.50%

OTHER INGREDIENTS: …………  97.50 %
TOTAL …………………………………… 100.00%

* Cis,trans ratio:
Min. 35% (±) cis and max 65% (±) trans

Kills on Contact and Keeps Killing for up to 4 Weeks
Controls nuisance pests: ants, spiders, fleas, ticks, cockroaches and earwigs

FOR FLEAS, TICKS and MOSQUITOES - YARD SPRAY CONCENTRATE
TREATS UP TO 5,300 SQ.FT.
SHARE WELL BEFORE USE
READ ENTIRE LABEL BEFORE EACH USE

FIRST AID

IF IN EYES: Rinse well with water. Get medical attention.

IF SWALLOWED: Drink water or give plenty of water. Do not induce vomiting.

IF ON SKIN: Wash well with soap and water. Get medical attention.

CALL A POISON CONTROL CENTER OR DOCTOR immediatly for treatment advice. Do not give anything by mouth. Do not give any liquid to center or doctor.

If any of the following symptoms occur: vomiting, difficulty breathing, dizziness, or unconsciousness, call a doctor for treatment advice.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARD: This product is extremely toxic to aquatic organisms, including fish and invertebrates.

To protect the environment, do not allow pesticide to enter or run off into ditches, drains, ditches, gutters, or surface waters. Applying this product in calm water where it is not prevented for the next 24 hours will help to ensure that weeds or plants do not then serve as a barrier or wash pesticide off the treatment area. Before application equipment over the treated area will help avoid wash off of the water bodies or drainage systems. This product is highly toxic to bees exposed to direct treatment on blossoms or nectar.

If you do not follow the directions on the label, you may exceed the maximum use rate of this product, which may result in death to honey bees exposed to direct treatment on blossoms or nectar.

Do not apply this product on the lawn or other outdoor areas near flowers or shrubs. Do not apply this product in a manner inconsistent with the instructions on the label. It is a violation of Federal law to use this product in a manner inconsistent with the instructions on the label.

If you or others enter the treated area, rinse with soap and water. To maintain effectiveness, do not allow pets or children to enter the treated area until spray has dried.

It is a violation of Federal law to use this product in a manner inconsistent with the instructions on the label. It is a violation of Federal law to use this product in a manner inconsistent with the instructions on the label.

Do not apply this product to areas will be planted with edible crops within 12 months of application. Do not plant edible crops within 12 months of application. DO NOT SOW SEEDS IN LAND TREATED WITH THIS PRODUCT.
SHARE WELL BEFORE USE
READ COMPLETE LABEL BEFORE EACH USE

FIRST AID

If swallowed: Induce vomiting immediately. Rinse mouth then wash mouth with large quantities of water. Call a physician or poison control center immediately. If breathing or circulation stop, do not give anything by mouth. Give only necessary oxygen. Do not give any liquid to an unconscious person. Do not give any liquid to a person who may aspirate it. Do not give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

If in eyes: Rinse eyes immediately with large quantities of water. Call a physician or poison control center immediately. Do not rub eyes. Hold the eyelids open and rinse under running water for at least 15 minutes. Call a physician or poison control center immediately if irritation persists.

If on skin: Wash skin with soap and water. Call a physician or poison control center immediately. Do not rub the skin. Rinse skin immediately with large quantities of water. Call a physician or poison control center immediately if irritation persists.

If on clothing: Remove clothing and wash hands thoroughly with soap and water. Change clothing and wash hands thoroughly with soap and water. Call a physician or poison control center immediately if irritation persists.

USING PETLOCK® YARD

GENERAL PRECAUTIONS AND RESTRICTIONS

SAFE WELL BEFORE USE
READ COMPLETE LABEL BEFORE EACH USE.

APPLICATION RESTRICTIONS

Do not apply this product in a way that will contact soil or water, or any other body of water, surface waters, or any other aquatic habitat. Do not apply directly to water, to the surface of the water, or to the edges of a stream or lake. Do not allow treated water to contact food or food containers. Do not apply inside buildings or on structures. Do not apply this product in a way that will run off and enter offsite surface or groundwater........

PRECAUTIONARY STATEMENTS

Hazard to humans and domestic animals.

CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates.

To protect the environment, do not allow pesticide to enter sewers or storm drains, irrigation ditches, or ditches used for surface drainage.

Do not use this product on or near areas where bees are actively visiting flowers. Also, do not apply this product near a drinking source or on plants that may contaminate a drinking source. Do not apply this product near a drinking source or on plants that may contaminate a drinking source.

Do not use this product around electrical equipment or electrical systems. This pesticide may be harmful if absorbed through the body or by inhaling its vapor. This pesticide may be harmful if absorbed through the body or by inhaling its vapor.

Do not use this product within 48 hours of dispersal of seeds, plants, or nursery stock, or spraying of water surfaces, or other aquatic habitat. Do not spray water surfaces, or other aquatic habitat. Do not spray water surfaces, or other aquatic habitat.

Do not spray water surfaces, or other aquatic habitat. Do not spray water surfaces, or other aquatic habitat.

Do not spray water surfaces, or other aquatic habitat.

PRODUCT FACTS

VOL-NESTS

Low pests: ants, aphids, armyworms, brown dog ticks, chinch bugs, cockroaches, deer flies, flies, fleas, gnats, grasshoppers, Japanese beetles, ladybugs, male crickets and soil borers. Tree, shrub, rose and flower pests: aphids, bagworms, cockroaches, control flies, deer ticks, fleas, French bugs, grasshoppers, Japanese beetles, ladybugs, male crickets and soil borers. Tree, shrub, rose and flower pests: aphids, bagworms, cockroaches, control flies, deer ticks, fleas, French bugs, grasshoppers, Japanese beetles, ladybugs, male crickets and soil borers. Tree, shrub, rose and flower pests: aphids, bagworms, cockroaches, control flies, deer ticks, fleas, French bugs, grasshoppers, Japanese beetles, ladybugs, male crickets and soil borers. Tree, shrub, rose and flower pests: aphids, bagworms, cockroaches, control flies, deer ticks, fleas, French bugs, grasshoppers, Japanese beetles, ladybugs, male crickets and soil borers.
**USE ON TREES & SHRUBS**

- **PESTS**
  - Aphids, Bagworms, Cutworms, Eastern Tent Caterpillars, European Box Tree Moth, Fire Ants, Squirrels, Vine Moths, Whiteflies, Yucca Moth

**HOW TO USE**

- Apply insecticide thoroughly and uniformly to the foliage of trees and shrubs. Mix with water and spray nursery stock, trees and shrubs, leaves and stems until the foliage is thoroughly covered. Do not spray flowers or fruit. Apply on a day when the sun is not too bright. Avoid application near the base of trees.

**STORAGE AND DISPOSAL**

- This pesticide is contained in a nonrefillable plastic container, which is not recyclable.

**PRECAUTIONARY STATEMENTS**

- **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
  - This product is extremely toxic to aquatic organisms, including fish and invertebrates.

**PRODUCT FACTS**

- **EPA Reg. No.**
  - 1021-1758-89609

- **EPA Est. No.**
  - 11623-GA-1, 11623-GA-2, 11623-GA-3

**WHERE TO USE**

- On lawns, trees, shrubs, and flowers and other surfaces of buildings.

**DIRECTIONS FOR USE**

- **GENERAL PRECAUTIONS AND RESTRICTIONS**
  - Do not apply aquatic or vegetation control products to areas that might indirectly contact aquatic life. Do not apply aquatic or vegetation control products to areas that might indirectly contact aquatic life. Do not apply aquatic or vegetation control products to areas that might indirectly contact aquatic life. Do not apply aquatic or vegetation control products to areas that might indirectly contact aquatic life.

- **APPLICATION RESTRICTIONS**
  - Do not apply aquatic or vegetation control products to areas that might indirectly contact aquatic life. ### FIRST AID

**Inhalation:** If breathed into the lungs, the liquid can cause immediate irritation and choking. If irritation persists, get medical attention immediately.

**Skin:** Wash the affected area with soap and water. If irritation persists, get medical attention immediately.

**Eye:** Flush the affected eye with water for 15 minutes. If irritation persists, get medical attention immediately.

**If swallowed:** Do not induce vomiting unless instructed to do so by a poison control center. Drink a large amount of water and seek medical attention immediately.

### STORAGE AND DISPOSAL

- Do not store near food, beverages, or household products.
- Do not contaminate water supplies.
- Store in a cool, dry place.
- Do not dispose of this product in sewers or drains.
- Do not use together with fertilizers or other pesticides.

### USE ON TREES & SHRUBS

- **PEST:** Beetles, Bagworms, Caterpillars, Spiders, Whiteflies
- **HOW TO USE:** Spray directly on the pests. Do not allow the product to come in contact with the foliage or leaves of the plant.

### USE ON ROSES & FLOWERS

- **PEST:** Aphids, Spider mites, Thrips, Whiteflies
- **HOW TO USE:** Apply as a thorough spray. Adjust the sprayer to give it the desired amount of liquid on the plants. Do not allow the product to come in contact with the foliage or leaves of the plant.

### USE ON LAWNS

- **PEST:** Ants, Bedbugs, Cockroaches, Crickets, Earwigs, Fleas, Fire ants, Grasshoppers, Leafhoppers, Spiders, Whiteflies
- **HOW TO USE:** Sprinkle around the base of plants or on the soil. Do not allow the product to come in contact with the foliage or leaves of the plant.

### USE ON TREES & SHRUBS

- **PEST:** Aphids, Spider mites, Thrips, Whiteflies
- **HOW TO USE:** Apply as a thorough spray. Adjust the sprayer to give it the desired amount of liquid on the plants. Do not allow the product to come in contact with the foliage or leaves of the plant.

### USE ON ROSES & FLOWERS

- **PEST:** Aphids, Spider mites, Thrips, Whiteflies
- **HOW TO USE:** Apply as a thorough spray. Adjust the sprayer to give it the desired amount of liquid on the plants. Do not allow the product to come in contact with the foliage or leaves of the plant.

### PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- Do not apply to areas where children, pets, or other animals are present.
- Do not allow children or pets to enter the treated areas until the product has dried.

**HAZARDS TO OTHER ANIMALS**

- Do not allow pets to enter the treated areas until the product has dried.

**ENVIRONMENTAL HAZARDS**

- Do not apply to bodies of water or drainages systems.
- Do not allow the product to come in contact with water sources.

**PRODUCT FACTS**

- **EPA Est. No.** 11623-GA-1, 11623-GA-2, 11623-GA-3
- **EPA Reg. No.** 1021-1758-89609

**Physical or Chemical Hazards**

- Do not apply this product around electrical equipment due to possible shock hazard.

### HOW TO USE

- **Spray Concentrate contains Permethrin, a long lasting insecticidal.**

### APPLICATION RESTRICTIONS:

- **Residential misting systems.**
- **Do not apply to sewers or drains.**
- **Do not water treated areas to the point of runoff.**

### ENTRY RESTRICTIONS:

- **Do not enter treated areas until vapors, mists, and aerosols have dissipated.**
- **Do not enter or allow others to enter treated areas until the product has dried.**

### GENERAL PRECAUTIONS AND RESTRICTIONS

- **Do not apply to the foliage of fruit or vegetable crops.**
- **Do not apply to sewage systems.**
- **Do not apply to areas where children, pets, or other animals are present.**

### DIRECTIONS FOR USE

- **Do not apply to soil or vegetation around vegetation.**
- **Do not apply to areas where children, pets, or other animals are present.**
- **Do not allow children or pets to enter the treated areas until the product has dried.**

### Where To Use

- **Lawns, trees, shrubs, roses, flowers, and vegetables.**
- **Do not apply to areas where children, pets, or other animals are present.**

### Supplementary Information

- **For consumer questions call: 1-888-845-4921**
- **For local regulatory information call: 1-888-845-4921**
