For use ONLY on Dogs and Puppies 8 weeks and older weighing 23-44 lbs.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS. CAUTION:** Hand if swallowed or absorbed through the skin. Cover any cuts. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with soap and water after handling or before eating, drinking, handling pets, and changing diapers using the soap.

**HAZARDS TO DOMESTIC ANIMALS.** Use only as intended. Do not use on animals under 8 weeks of age or animals that are pregnant, nursing, or may become pregnant. Do not use on cats or other animals. Do not allow your dog to ingest this product. Do not allow your dog to ingest this product. Do not use in or around areas frequented by children.

**RESTRICTIONS**

USE ONLY ON DOGS OR ON PUPPIES 8 WEEKS OF AGE AND OLDER. DO NOT EXCEED LISTED DOSAGE AMOUNT FOR DOGS. DO NOT APPLY MORE THAN ONE TUBE TO DOGS, ESPECIALLY THOSE OVER 55 LBS.

**FREQUENCY OF APPLICATION**

For more information, call our experts at 1-888-264-7297 or visit our website at doctorsfosterandsmith.com.

1. Remove one applicator tube from the package and hold in an upright position pointed away from your face.
2. Pull off the cap. Turn the cap around and place on top of tube. Do not apply more than one tube to dogs, especially those over 55 lbs.
3. Simply press cap down to break the seal and chewing lice infestations. Research demonstrates that Doctors Foster and Smith® Fiprotrol™ Plus for Dogs kills adult fleas, flea eggs, and flea larvae for up to six weeks. Doctors Foster and Smith® Fiprotrol™ Plus for Dogs also prevents development of lice and chewing lice for 30 days. Doctors Foster and Smith® Fiprotrol™ Plus for Dogs remains effective even after bathing, water exposure, or as a result of small amounts of other veterinary household products.
