PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals CAUTION
Do not open protective pouch until ready to use. Do not let children play
with this collar. Harmful if swallowed or absorbed through skin. Causes
moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash
thoroughly with soap and water after handling. Do not use on puppies
under 12 weeks. Do not use on cats. Consult a veterinarian before
using this product on debilitated, aged, pregnant, medicated, or nursing
animals. Sensitivities may occur after using ANY pesticide products for
pets. If signs of sensitivity occur, remove collar and bathe your dog with
mild soap and rinse with large amounts of water. If signs continue,
consult a veterinarian immediately. This collar is intended for use only
as an insecticide and is not to be taken internally by humans or animals.

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-844-685-9173 for emergency medical treatment information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not open until ready to use. Dust may form on collar during storage. Do not get dust in mouth or eyes. Place collar around pet’s neck, adjust for fit, and buckle in place.
The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened, will snugly slide over pet’s head. Leave 2 or 3 inches for extra adjustment. Cut off and dispose of excess length. Wash hands after placing collar on pet. Replace collar every six months or sooner if needed.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal. **Pesticide Storage:** Store this product in a cool, dry place away from children and pets. **Pesticide and Container Disposal:** Do not reuse container or used collar. Dispose of in trash.

**Salvo Flea & Tick Collar for Dogs** containing deltamethrin insecticide, has been specially formulated using insecticide release technology. Fleas (*Ctenocephalides sp.*) on the dog will be killed and ones which are present in the dog’s environment that may appear on your pet will be killed. Collar will also kill ticks for up to 6 months. Collar will kill ticks including Brown dog tick (*Rhipicephalus sanguineus*), American dog tick (*Dermacentor variabilis*), and deer ticks (*Ixodes scapularis and Ixodes pacificus*), which may carry Lyme disease. This collar should be worn continuously. Reapply a new collar every 6 months.
