PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

Avoid contact with skin, eyes, mouth, or clothing. Do not breathe dust. Remove and wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or going to the toilet. Wash any contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS

Before using this product, consult your veterinarian or call 1-855-855-4375. For medical emergencies, contact a veterinarian immediately.

HAZARDS TO HUMANS

Repels and kills ticks including Deer ticks that may transmit Lyme disease, Brown dog ticks that may transmit Rocky Mountain spotted fever, Lone Star ticks that may transmit Ehrlichiosis for up to four weeks. Repels and kills mosquitoes for up to four weeks. Repels and prevents blood-feeding by biting flies. Do not use on animals other than dogs. Do not use on debilitated, pregnant, lactating, or under 7 weeks of age animals. Do not get this product in dog's eyes or mouth. As with any pesticide product, consult your veterinarian before using this product on debilitated, pregnant, lactating, or under 7 weeks of age animals. Do not get this product in dog's eyes or mouth.

ENVIRONMENTAL HAZARDS

This pesticide poses a moderate risk to aquatic organisms, including fish and invertebrates. Do not contaminate water when disposing of equipment or uneaten feed.

FOR USE
Do not add directly to water. Do not contaminate water when disposing of product or packaging.
This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates.

ENVIRONMENTAL HAZARDS
on medication, consult your veterinarian before using this or any other product. Aged, pregnant or nursing dogs. Individual sensitivities may occur after using ANY pesticide product or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing dogs. Individual sensitivities may occur after using ANY pesticide product.

HAZARDS TO DOMESTIC ANIMALS
swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some people. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing dogs.

HAZARDS TO HUMANS
WARNING. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some people. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing dogs.

WARNING
KEEP OUT OF REACH OF CHILDREN
Do not use on animals other than dogs. Do not use on dogs or puppies under 6 months old. Do not use on animals less than 6 months old or weighing less than 8 pounds.

DIRECTIONS FOR USE
For medical emergencies call 1-855-844-4375. For consumer questions, call 1-888-846-4231.

How to Use

Apply the entire contents of the tube evenly to three or four spots on the top of the back of the dog at the base of the tail as shown:

Side Effects:
• Call a poison control center or doctor immediately for treatment advice.

If In Eyes:
• Do not give anything by mouth to an unconscious person.

FIRST AID

• If Ingested: Do not induce vomiting. Get medical help or contact a poison control center immediately by calling 1-855-844-4375. If the victim is not breathing, perform CPR. Do not give anything by mouth to an unconscious person.

• If Inhaled: Get the victim to fresh air. If the victim is not breathing, perform CPR. If the victim is breathing, call a doctor or Poison Control Center immediately. Do not give anything by mouth to an unconscious person.

• If on Skin: Rinse thoroughly with plenty of water. Treatment is not necessary because symptoms usually disappear within a few hours. For help, call a doctor or Poison Control Center immediately.

• If in Eyes: Rinse thoroughly with plenty of water. Treatment is not necessary because symptoms usually disappear within a few hours. For help, call a doctor or Poison Control Center immediately.
