HOT LINE NUMBER

Have the product and label with you when calling a prpotional control or doctor, or going for treatment. For medical emergencies call 1-855-444-4375. For consumer services, call 1-855-369-4607.

NOTE TO PHYSICIAN

Tell the prpotional control and/or drug supplier that you have been treated with this product.

DIRECTIONS FOR USE

This product is designed to be used in a manner consistent with its labeling. Do not exceed the label.

HOW TO OPEN

Apply top to top for each application.

1. Tear through perforation

2. Fold fiber-like section into

3. Cut instructions to open applicator
HOW TO APPLY
1. Prepare applicator as directed; "Flip to Open".
2. Apply fine-ctable contents of neprodeodorant to each ear as shown:

From the helix on the dog's head between the pinnae and the edge of the skull just above the ear. Insert the tip of the applicator into each ear and part the pinnae to apply the contents to the skin. Carefully avoid allowing the product to run off the side of the dog. Keep solution out of the dog's eyes and do not allow your dog to ingest this product.

3.Discard empty applicator and packaging as described in the Storage and Disposal section.
4. Under normal conditions the product remains effective for a month. In cases of severe the infected, additional treatments may be necessary within three or four months. Do not apply Permethrin™ Advanced for Dogs more often than once every four weeks (28 days). Since this product is aerosolized, return to a monthly application schedule.

PRODUCT INFORMATION
The topical antiparasitic activity of Permethrin™ Advanced for Dogs may also be a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of dogs with Permethrin™ Advanced for Dogs rapidly kills fleas and significantly reduces the incidence of FAD-condition.

Permethrin™ Advanced for Dogs kills existing fleas on dogs within 12 hours. Reinfesting fleas are killed within 3 hours with protection against further infestations lasting at least four (4) weeks. For existing pupae in the environment may continue to emerge for six (6) weeks or longer depending upon the climatic conditions.

Permethrin™ Advanced for Dogs is waterproof and remains effective following a shampoo, swimming or other exposure to water or sunlight.

Verify treatment is required for applied control and preventative of fleas and ticks.

STORAGE AND DISPOSAL
Do not contaminate water, foods or feed by storage or disposal.
Permethrin Strips: Store in a cool, dry place. Protect from freezing. Permethrin Dispersal and Container Handling: Non-hazardous container. If emptied, do not reuse this container. Place in trash or offer for recycling if available. If properly filled, call your local landfill waste agency for disposal instructions. Never place unused product directly into the environment.
