PRECAUTIONARY STATEMENT

HAZARD TO HUMANS AND DOMESTIC ANIMALS.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE

This product is used to control and prevent the growth of algae in swimming pools and swimming pools with attached spas, waterfalls, or decorative fountains. This product may be used in systems sanitized with chlorinating or brominatingsanitizing systems.

Pools containing heavy growth of algae should be cleaned prior to using this product. For pools having light algae growth, pour the initial dose of 11-17 fluid ounces of this product per 10,000 gallons of water directly into pool. Remove algae blooms by adding 10-15 fluid ounces of the product per 10,000 gallons of water at a time of day when the pool is not being used. Do not mix with concentrated dry or liquid chlorine products.

For pools which have been properly treated during the swimming season and are free of visible algae, add 6-10 fluid ounces of this product per 10,000 gallons of water. If at the end of the swimming pool season, pool has some visible algae blooms, add 10-15 fluid ounces of this product per 10,000 gallons of water. If pool is not covered, it may be necessary to repeat the treatment one or more times during the off season.

This product is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This product can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

STORAGE AND DISPOSAL

Keep container closed when not in use. Leaking or damaged containers should be placed in plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: If empty:

- Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

ACTIVE INGREDIENT:

Poly(oxyethylene(dimethyliminio)ethylene(dimethyliminio)ethylene dichloride).............60.0%

INERT INGREDIENTS: . . . . . . . . . . . . . . . . . 40.0%

TOTAL INGREDIENTS: . . . . . . . . . . . . . . . 100.0%

KEEP OUT OF REACH OF CHILDREN
