This product has demonstrated effectiveness against influenza A2 virus and is expected to inactivate all influenza A viruses, including Pandemic 2009 H1N1 influenza A virus.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear gloves for prolonged or frequent use.

FIRST AID: IF IN EYES: Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

Keep out of reach of children.

KEEP OUT OF REACH OF CHILDREN

Directions for Use: This is a violation of Federal law to use this product in a manner inconsistent with its labeling. Nontoxic cleaning or sanitizing skin. Do not use as a diaper wipe or for personal cleansing. For surfaces that may come in contact with food, a potable water rinse is required. Do not use on eyeglasses, dishes or small items. One wipe will not farm most surfaces, including acrylic, tempered glass and enamel. Not recommended for use on unpainted wood. For surfaces that incorporate electronic components, please consult manufacturer’s instructions.

TO DISINFECT: Use on disinfect hard, nonporous surfaces. Wipes should be disinfected. Use enough wipes for treated surface to remain visibly wet for 4 minutes. Let surface dry. For highly soiled surfaces, first access dirt first. Organisms: Asian Influenza A (H7N9) virus, Avian Influenza A(H5N1), S. aureus, Bordetella pertussis, Campylobacter jejuni, Pseudomonas aeruginosa, Enterobacter aerogenes, Escherichia coli O157:H7 (E. coli), Herpes simplex virus type 1, Human immunodeficiency virus type 1 (HIV-1), Human Coronavirus, Influenza A2 Virus, Klebsiella pneumoniae, Listeria monocytogenes (Listeria), Methicillin-resistant Staphylococcus aureus (MRSA), Pseudomonas aeruginosa, Rotavirus WA, Respiratory syncytial virus (RSV), Salmonella enterica (Salmonella), Staphylococcus aureus, Staphylococcus pyogenes.

Special Instructions for Use: Against MRSA and HBV: This product kills MRSA and HBV on pre-cleaned hard, nonporous surfaces/objects previously soiled with blood/body fluids in health care settings (hospitals, nursing homes) or other settings in which there is an expected likelihood of soiling at maximum contact frequency by blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus (HIV-1) (associated with AIDS) and Hepatitis B Virus (HBV). Special instructions for using this product to clean and decontaminate against MRSA and HBV on surfaces/objects soiled with blood/body fluids: Personal Protection: When handling items soiled with blood or body fluids, use disposable impermeable gloves, gowns, masks and eye coverings. Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and other objects before applying this product. Contact Time: Allow surface to remain wet 1 minute for HIV-1, 4 minutes for HBV. Disposal of Infectious Materials: Use disposable impermeable gloves, gowns, masks and eye coverings. Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.
