DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not water the treated area to the point of run-off. Do not make applications during the rain.

OUTDOOR APPLICATIONS INCLUDING HARD SURFACES

All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
1. Treatment to soil or vegetation around structures;  
2. Application to building foundations, up to a maximum height of 3 feet.

Other than applications to building foundations, all outdoor applications to hard surfaces such as sidewalks, driveways, patios, porches and structural surfaces (e.g., windows, doors, and eaves) are limited to spot and crack-and-crevice applications only.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

APPLICATION TO HORIZONTAL HARD SURFACES

To help prevent product from running off into sewers, storm drains, and curbside gutters, do not treat flat surfaces such as (e.g., driveways, sidewalks) unless the surface is protected from rainfall and spray from sprinklers.

APPLICATION TO VERTICAL HARD SURFACES

Pest control on outside surfaces and around buildings: Applications to hard vertical surfaces outdoors (e.g., foundations) are permitted to a maximum height of 3 feet above the ground. Sections of hard vertical surfaces that join to hard flat surfaces outdoors can only be treated if either: 1) These sections are protected from rainfall and spray from sprinklers, or 2) the flat faces of the sections are protected from rainfall and spray from sprinklers. Unless these flat surfaces do not drain into a sewer, storm drain, or curbside gutter. Perimeter treatments: For sections of foundation that join to hard flat surfaces, the treated areas must be protected from rainfall and spray from sprinklers unless the flat and gutters do not drain into a sewer, storm drain, or curbside gutter.

QUICK CONNECT® TRIGGER SPRAYER
HOW TO USE:

Spray

- Remove sprayer from bottle by pulling sprayer up.  
- Wrap hose and insert red hose connector into spout on bottle cap until it clicks.  
- Flip sprayer up until fully upright. Turn sprayer nozzle to desired spray. Squeeze trigger repeatedly to spray.

Finish

- Turn sprayer nozzle to "OFF." DO NOT DISCONNECT HOSE CONNECTOR FROM SPOUT. Place sprayer back into bottle.
**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:**
- Trigger Sprayer: To be stored in original container and placed in areas inaccessible to children.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:**
- Nonrefillable containers. Do not reuse or refill this container.
- If empty, place in trash or offer for recycling if available.
- If partly filled: Call your local waste disposal agency for disposal instructions.
- Never pour unused product down any indoor (including toilets) or outdoor (including septic) drain.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wear long-sleeved shirt and long pants, socks, shoes, and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

**ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to fish, aquatic invertebrates, oysters, and shrimp. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Care should be used when spraying to avoid fish and wildlife in and around ornamental ponds. This product is highly toxic to bees exposed to blooming treatment or residues on blooming plants. Do not apply this product or allow it to drift to blooming plants if bees are visiting the treatment area.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

**NOTICE:** To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

**FIRST AID**

**If swallowed:**
- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If in eyes:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes. Pain continues rinsing eye.
- Call a poison control center or doctor for treatment advice.

**HOTLINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or paging for treatment. You may also contact 1-800-222-1222 for Emergency Assistance.

**NOTE TO PHYSICIAN:** Emergency information – call 1-800-222-1222.
