Disinfectant 525
Ready to Use Hospital Disinfectant

To Clean and Disinfect and Deodorize Hard, Non-Porous Surfaces: Apply Wipe, Spray or Dip Aquaox Disinfectant to hard, non-porous surfaces with a cloth, wipe, mop, sprayer or sponge. Treated surfaces must remain wet for 10 minutes. Allow surfaces to dry. Do not use on solutions of in an approved waste disposal facility. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Protection Agency, or the Hazardous Waste Representative at the EPA Regional Office for guidance.

Antimicrobial agent is Hypochlorous Acid, an efficient and efficacious species of chlorine. Hypochlorous Acid solution generated electrochemically from Sodium Chloride.

STORAGE AND DISPOSAL
Do not contaminate soil, food, or feed by storage and disposal.

DISHRITUTIONAL AND COMMERCIAL USE PACKAGES

Disinfectant. Store in a closed dark plastic container in cool, dry area away from food and sunlight. Do not dilute with water in medical institutions, industrial and commercial applications.

Flood with large volume of water. Cool unopened containers in vicinity by water spray.

FIRST AID
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center, doctor or going for treatment. You may also contact the National Pesticide Information Center (NPIC) 1-800-858-7378 for emergency medical treatment information.

For heavily soiled areas, a preliminary cleaning is required. Wash rinse in sequence followed by rinsing with water. Rinse after 10 seconds. Pour rinsate into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Then fill the container with 100 gallons or more of water with easily oxidizable materials, acids and reducers. In case of spill, isolate container (if possible) and flood area with large volume of water. Cool unopened containers in vicinity by water spray.
