PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
WARNING: Caution: Sustain but temporary eye injury. Do not get in eyes or on clothing. Harmful if swallowed. Prolonged or repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS
For external use on dogs only. Do not use on animals other than dogs. Do not use on puppies under seven (7) weeks of age or weighing less than 5 pounds. Do not get this product in dog’s eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Individual sensitivities may occur after using ANY pesticide product. If signs persist, or become more severe, consult a veterinarian immediately. If your animal is aneditional, consult your veterinarian before using this or any other product.

ENVIRONMENTAL HAZARDS
This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water. Do not contaminate water when disposing of product or packaging.

Side Effects:
Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Substantial signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy or agitation) occur, consult your veterinarian or call 1-855-944-4375.

FIRST AID
If In Eyes:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the last 5 minutes, then continue rinsing eye.
- Call a Poison Control Center or doctor for treatment advice.

If Swallowed:
- Call a Poison Control Center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the Poison Control Center or doctor.
- Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies call 1-855-944-4375. For consumer questions, call 1-888-761-4657

NOTE TO PHYSICIAN
Treat the patient symptomatically.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not contaminate feed or food.

HOW TO OPEN
Repeat steps 1 to 3 for each applicator:

1. Tear through perforation
2. Fold back the safety tab
3. Cut with scissors to open applicator
HOW TO APPLY
1. Prepare applicator as shown in “How to Open.”
2. Apply the entire contents of the applicator squarely to three or four spots on the top of the back of the dog from the shoulder to the base of the tail as shown:

At each application site part the hair of the dog until the skin is visible. Place the tip of the applicator on the skin and gently squeeze to apply the solution on the skin. Do not apply an amount of solution at any one spot that could cause some of the solution to run off the side of the dog. Keep solution out of the dog’s eyes and do not allow your dog to ingest this product.

3.iscard empty applicator and packaging as described in the Storage and Disposal section.
4. Under normal conditions the product remains effective for a month. In case of severe flea infestation, retreatment may be necessary earlier than one month. Do not reapply Provacta™ Advanced for Dogs more often than once every seven (7) days. Once flea control is attained, return to a monthly application schedule.

PRODUCT INFORMATION
The successive feeding activity of fleas on dogs may cause a hypersensitivity skin disorder known as flea allergy dermatitis (FAD). Treatment of dogs with Provacta™ Advanced for Dogs rapidly kills fleas and may reduce the incidence of FAD.

Provacta™ Advanced for Dogs kills existing flea on dogs within 12 hours. Reinfesting fleas are killed within 2 hours with protection against further flea transmission lasting at least four (4) weeks. Pre-existing pustulosis in the ear area may continue to emerge for six (6) weeks or longer depending upon the climatic conditions.

Provacta™ Advanced for Dogs is waterproof and effective effective following a shampoo, swimming or after exposure to rain or sunlight.

Monthly treatments are required for optimal control and prevention of fleas and ticks.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
Do not store in direct sunlight.

Pesticide Disposed of Container Handling: Non-refillable container. If empty: A Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES
IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product.
