PULVERIZE®
WEED KILLER

Use to selectively control/suppress broad leaf weeds growing in lawns.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

• Before Use: Shake well before each use. Do not dilute.
• How to Use: Thoroughly spray weeds (about 4-6 trigger pulls per weed) Use a coarse nozzle setting to reduce drift. Repeat treatments up to 3 to 4 weeks for best results.
• What Will I See?: Works quickly; dying weeds will be seen within hours of application. Treated weeds, moss, or algae will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment however the grass will recover within a few days to weeks. May stain thatch (dead grass in sandy lawns), this does not affect the health of the grass.
• Pesticide/Controls weeds: Bull thistle (Cirsium arvense), Creeping buttercup (Ranunculus repens), Dandelion (Taraxacum officinale), Moss, Speedwell spp., Persian speedwell (Veronica persica), White clover (Trifolium repens), Suppresses weeds: Black medic (Medicago lupulina), English daisy (Bellis perennis).

Use Precautions:
• Do not apply to drought-stressed grass. Ensure that lawn is well-watered prior to application.
• Do not apply when daytime temperature will exceed 85°F.
• Do not apply to bent grass or dichondra.
• If unsure of grass variety, test spray a small area of your lawn.
• Do not apply to newly seeded areas prior to grass seed germination.
• Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed with water.
• To avoid staining, wait until treated area dries before re-entry.
• Do not apply if rainfall is expected within 3 hours of application. (Not rinsed with rain)
• Do not apply to the same area more than 4 times a year.

Controls Weeds:

• Bull thistle (Cirsium vulgare)
• Dandelion (Taraxacum officinale)
• Creeping buttercup (Ranunculus repens)
• Moss
• Persian speedwell (Veronica persica)
• Speedwell spp.

Suppresses Weeds:

• Black medic (Medicago lupulina)
• English daisy (Bellis perennis)
• White clover (Trifolium repens)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes slight eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or rinsate. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treated area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

PESTICIDE STORAGE:

Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store closed material tightly closed, in original container only, away from open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

• Non-refillable container Do not reuse or refill container.
• If empty, Place in trash or offer for recycling if available.
• If partially filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
