- Homes, Apartment Buildings, and Hotels
- Restaurants, Stores, Warehouses
- Office Buildings, Schools, Nursing Homes
- Hospitals, Industrial Buildings, Vessels, Rail Cars, Trucks, Trailers, Garages, Kennels, Out Buildings, and Barns

ACTIVE INGREDIENTS:

- Lambda-Cyhalothrin (CAS #91486-08-8) 0.05%
- Hydroperoxide (CAS #95733-18-8) 0.36%

OTHER INGREDIENTS:

- All other ingredients are inert ingredients, totaling 99.69%

TOTAL: 100.00%

* Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN

CAUTION:

READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH DIRECTIONS AND DIRECTIONS.

GENERAL INFORMATION:

- Gentrol Complete Aerosol kills adults of the listed pests including: ants (excluding fire ants, pharaoh ants, and harvester ants), German cockroaches, drain flies, fruit flies, lesser grain borers, merchant grain beetles, saw-toothed grain beetles, flour beetles, cigarette beetles, and Dermestid beetles
- Apply in buildings and structures and on modes of transport.
- Use in non-Federally inspected facilities, spot and/or crack and crevice application

DIRECTIONS FOR USE:

- Use in a manner consistent with its labeling.
- Read the entire label prior to use. Use strictly in accordance with directions.

EXPOSED AREAS:

- Use Gentrol Complete Aerosol to kill of listed adult insects and residual control against future generations of listed pests.
- Concentrate application in areas where pests are likely to be exposed, e.g., cracks, crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacing shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind cupboards and cabinets.
- Apply as a crack and crevice or spot treatment to selective surfaces and equipment with an effective cleaning compound and rinse with potable water before using. Clean all food contact surfaces (e.g., equipment, bottles, drawers, and bookcases).
- To kill spiders (excluding black widow and brown recluse spiders): Apply as a crack and crevice or spot treatment to steps where these pests crawl and hide, especially on hidden surfaces around sinks and storage areas. Limit individual spot treatments to an area no larger than 20% of total treated area. Do not treat surfaces likely to be contacted by food.
- To kill ants (excluding fire ants, pharaoh ants, and harvester ants): Spray around ant trails, doors and windows and other places where ants enter home. Apply around ant trails, doors and windows and other places where ants enter home.
- To kill ants (excluding fire ants, pharaoh ants, and harvester ants): Spray around ant trails, doors and windows and other places where ants enter home.

APPLICATION:

- Use of this product is subject to the provisions of all state, local, and Federal laws and regulations.
- Use of this product may be limited by local authorities.
- Use of this product must comply with all state, local, and Federal laws and regulations.

APPLICATION METHODS:

- For crack treatments, use this product with or without an extension hose. Hold container with insecticidal foam away from your face and at least 12" above the surface to be treated. Apply directly to exposed surfaces where pests are found.
- For crack treatments, use this product with or without an extension hose. Hold container with insecticidal foam away from your face and at least 12" above the surface to be treated. Apply directly to exposed surfaces where pests are found.

APPLICATION DISPOSAL:

- Do not apply directly to food or food preparation surfaces or utensils. Foods must be covered or removed prior to applications. Clean all food contact surfaces and equipment with an effective cleaning compound and rinse with potable water before using. Cover all food contact surfaces (e.g., equipment, bottles, drawers, and bookcases), allow spray to dry prior to replacing shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacing shelf paper and any infested foodstuffs.
