**Precautionary Statements**

**Hazard to Humans and Domestic Animals**

**Personal Protective Equipment (PPE)**
Mixers, loaders, applicators and other handlers must wear:
- long-sleeved shirt, long pants, shoes, socks and chemical-resistant gloves. Some materials that are chemical-resistant to this product are barrier laminate, nitrile rubber, neoprene rubber and Viton® 4 mils. For more options, follow the instructions for category E on the chemical-resistance category selection chart.

**Use Safety Requirements**
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product’s concentrate. Do not reuse them.

**Use Safety Recommendations**
Users should:
- thoroughly wash hands with soap and water after handling this product and before eating, drinking, chewing gum, using tobacco or using the toilet; immediately remove clothing/PPE if pesticide gets inside, then thoroughly wash and put on clean clothing; immediately remove PPE after handling this product.
- Wash the outside of gloves before removing. As soon as possible, thoroughly wash and change into clean clothing.
- Users should: thoroughly wash hands with soap and water after handling this product and before eating, drinking, chewing gum, using tobacco or using the toilet; immediately remove clothing/PPE if pesticide gets inside, then thoroughly wash and put on clean clothing; immediately remove PPE after handling this product.

**Physical or Chemical Hazards**
Contents: under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

**Use Restrictions**
When used indoors:
- Do not enter or allow others to enter until sprays have dried; until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Do not breathe vapors or spray mist. Wait 2 hours after application, then open windows, vents and doors for 2 hours. If an odor is still detected, additional ventilation is required. Do not use in aircraft cabins. Do not apply when food is present. Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.
- Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries, vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after bottling or canning).

**Storage and Disposal**
Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage**
Store in a cool, dry area (inaccessible to children and pets) away from heat, sparks and open flame. Do not freeze.

**Pesticide Disposal and Container Handling**
Do not puncture or incinerate!

If empty: Place in trash or offer for recycling if available. (This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.) If partly filled: Call your local solid waste agency for disposal instructions.
