**ULTRASOUND TRANSDUCERS AND PROBES**
For use on external surfaces of ultrasound transducers and probes only.

**To Disinfect:** Rinse gel from external surface of ultrasound transducer or probe to be disinfected by using a clean washcloth. Then thoroughly wash the probe with a wipe. Allow surfaces to remain disinfected for 10 minutes. Special instructions for cleaning prior to disinfection against Clostridium difficile spores. Personal Protection: Wear appropriate barrier protection such as gloves, gowns, masks and eye covering. Cleaning Procedure: Fecal matter must be thoroughly cleaned from surfaces before disinfection by application of Germicidal Disposable Wipe. Cleaning is to include vigorous wiping and scrubbing, until all visible soil is removed. Special attention is needed for high-touch surfaces. Surfaces in patient rooms are to be cleaned in an appropriate manner, such as from right to left or left to right, on horizontal surfaces, and top to bottom, on vertical surfaces, to minimize spreading of the spores. Restraints are to be cleaned last. Do not reuse soiled clothes. Infectious Materials Disposal: Materials used in the cleaning process that may contain feces/waste are to be disposed of immediately in accordance with local regulations for infectious materials disposal.

**Killing Clostridium difficile spores** Disinfect as directed on this label.

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

**FIRST AID:** Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. If in eye: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

**PHYSICAL OR CHEMICAL HAZARD:** This product contains bleach. Do not use this product with other chemicals such as ammonia, toilet bowl cleaners, rust removers, or acid, as this releases hazardous gases.

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage and disposal. Store at room temperature. Keep out of reach of children. Do not incinerate container. Offer for recycling. If recycling is not available, put in trash collection.
