"Storage and Disposal": size 10pt

**2.0 INFLUENZA A3 VIRUS** (Hong Kong), Vaccinia Virus, Human Rotavirus, and Respiratory Syncytial Virus (ATCC VR 26) in the presence of 5% serum at 20°C for 10 minutes. Human Immunodeficiency Virus Type 1 (HIV-1) (AIDS Virus) in the presence of 10% serum on hard, non-porous surfaces at 20°C for 10 minutes. Human Respiratory Syncytial Virus (HRSV) in the presence of 5% serum at 20°C for 10 minutes. T. interdigitale in the presence of 5% serum at 20°C for 10 minutes.

**3.0 FUNGICIDAL ACTIVITY:**
Trichophyton interdigitale in the presence of 5% serum at 20°C for 10 minutes.

**4.0 TUBERCULOCIDAL ACTIVITY:**
Tuberculocidal in the presence of 5% serum at 20°C for 10 minutes. *AOAC Mycobacterium bovis [*TB*].

**5.0 GERMICIDAL ACTIVITY:**
Pseudomonas aeruginosa, Staphylococcus aureus, and Salmonella enterica.

**6.0 ODOR CONTROL:**
In-flight curtains when killing odor-causing bacteria while simultaneously neutralizing their odors and leaving a pleasant fragrance. Follow **CLEANING AND DISINFECTING DIRECTIONS**.

To Deodorize and Clean Carpets, Fabrics, and other Materials: Concrobium Broad Spectrum Disinfectant II can be used on most fabrics that can be cleaned with water-based cleaners. It effectively controls odors by killing odor-causing bacteria while simultaneously chemically neutralizing their odors and leaving a pleasant fragrance. Follow **CLEANING AND DISINFECTING DIRECTIONS**.

Concrobium Broad Spectrum Disinfectant II is a germicide designed to clean, disinfect and deodorize in a simple one-step process.

Concrobium Broad Spectrum Disinfectant II is suitable for all disinfection of hard, non-porous surfaces in residential, commercial and institutional environments: dental offices, medical offices, day care centers, schools, hospitals, hotels and motels, public restrooms, athletic fields, cafeterias, institutional kitchens, restaurants, prisons, military installations, by police and EMS, zoos, as well as other areas where there is a high risk of cross-contamination.

**Chemical Properties:**
Form: liquid
Color: clear
Odor: slight disinfectant
Specific Gravity: 1.00
Flash Point: greater than 200°F

**Disposal Information:**
This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the tissues or normally sequestered areas of the body, (2) introduces or transfers substances into the body, or (3) injects or transmits infectious material into the body. This product may be used to decontaminate critical or semi-critical medical devices prior to terminal sterilization.

**Packaging and Storage:**
Concrobium Broad Spectrum Disinfectant II is available in 16 oz., 1 gal and 5 gal containers. This product is non-flammable and non-combustible. Concrobium Broad Spectrum Disinfectant II is suitable for all disinfection of hard, non-porous surfaces in residential, commercial and institutional environments: dental offices, medical offices, day care centers, schools, hospitals, hotels and motels, public restrooms, athletic fields, cafeterias, institutional kitchens, restaurants, prisons, military installations, by police and EMS, zoos, as well as other areas where there is a high risk of cross-contamination.

**Environmental Concerns:**
This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the tissues or normally sequestered areas of the body, (2) introduces or transfers substances into the body, or (3) injects or transmits infectious material into the body. This product may be used to decontaminate critical or semi-critical medical devices prior to terminal sterilization.

**Recommendations:**
Follow **CLEANING AND DISINFECTING DIRECTIONS**.
Concrobium Broad Spectrum Disinfectant II is a non-irritating decontaminant formulated to clean, disinfect, and sanitize in a single-step process. It is an effective and broad-spectrum disinfectant suitable for use in healthcare facilities, restaurants, schools, offices, homes, and other non-porous surfaces. It is effective against a wide range of microorganisms, including bacteria, viruses, and fungi. It is also effective against spores and can kill at least 100% of the following microorganisms:

- **Bactericidal**: Staphylococcus aureus, Enterococcus faecalis (VRE), **Clinical Isolates**
- **Tuberculocidal**: Mycobacterium smegmatis, Mycobacterium avium complex (MAC), Mycobacterium tuberculosis, Mycobacterium leprae, Mycobacterium marinum, Mycobacterium fortuitum, Mycobacterium fortuitum biovar fortuitum, Mycobacterium fortuitum biovar intracellularum (FB), *Mycobacterium bovis* (BCG), *Mycobacterium leprae*.
- **Fungicidal**: Aspergillus fumigatus, Candida albicans, Cryptococcus neoformans, Higromyces chrysospermum, Histoplasma capsulatum, Microsporum canis, Microsporum gypseum, Mucor circinelloides, Penicillium chrysogenum, Penicillium roqueforti, and Trichophyton interdigitale.
- **Virucidal**: influenza A3 Virus.

**VIRUCIDAL ACTIVITY:**
- **10 minutes.**

**FUNGICIDAL ACTIVITY:**
- **20°C for 10 minutes.**

**TUBERCULOCIDAL ACTIVITY:**
- **at 20°C for 10 minutes.**

**BROAD SPECTRUM DISINFECTANT II**
- **55 Gallons**
- **626-055-UNI-03**

**PRODUCT CBSD II 55 GAL Drum US - Oct. 11, 2017**

**PROPERTIES**
- **PH:** Typically 7.0
- **Hazard:** Non-flammable, non-toxic, non-corrosive.
- **Odor:** Fresh, pleasant with slight disinfectant scent.
- **Description:** A clear, colorless, water-based solution.

**DEMONSTRATION OF EFFICACY**
- **Against influenza A3 Virus.**
- **Against Mycobacterium tuberculosis.**
- **Against Staphylococcus aureus.**
- **Against Candida albicans.**

**APPLICATIONS**
- **Restaurants, prisons, military installations, by police facilities, cafeterias, institutional kitchens, and motels, public areas, public restrooms, athletic operatories, nurseries, nursing homes, schools, hotels residential, coils and drain pans of HVAC & R systems.**

**STORAGE AND DISPOSAL**
- **Do not freeze or thaw. Storage should be at room temperature.**

**DIRECTIONS FOR USE**
- **KEEP OUT OF REACH OF CHILDREN.**
- **For use in a single-step process.**

**DISPOSAL**
- **Wastes resulting from the use of this product may be disposed of through the normal waste disposal methods prior to sterilization or high-level disinfection.**

**NOTICE**
- **This product is not to be used as a terminal sterilant/high level disinfectant.**

**NOTICE**
- **Do not contaminate food, feed, or water by storage or disposal.**
