**CLEAN FRONT® CONCENTRATE** is a high quality iodophor, comprised of iodine and non-ionic surfactants. It is specifically formulated to provide superior chemical and physical stability in finished products. As a result, it is often possible to reduce the amount of over-formulation in finished products.

Made biodegradable detergents. **CLEAN FRONT® CONCENTRATE** should be formulated with additional detergents which are biodegradable. This product contains no phosphates.

**KEEP OUT OF REACH OF CHILDREN**

**FIRST AID**

**DANGER**

If in Eyes:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes. Then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

If on Skin:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

If Swallowed:

Call a Poison Control Center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled:

Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for treatment advice.

Have product container or label with you when calling a Poison Control Center or doctor or going in for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**CHEM-TREC Emergency Number** 1-800-424-9300

**PRECAUTIONARY STATEMENT:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

DANGER. Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a national Discharge Elimination Program (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. See Manufacturing Instructions for specific applications.

Consult Safety Data Sheet before using.

Only for formulation into Environmental Sanitation Products for the following uses: No-rinse Sanitizers, Disinfectants, Topical Animal Health Care Products, Hand Sanitizers, Other Antimicrobial Products and uses in which US EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration, and uses for Experimental Purposes that are in compliance with US EPA requirements.

**CLEAN FRONT® CONCENTRATE** will flow more easily if a day or two prior to formulating it is gradually warmed to 70°F to 100°F and then slowly added in a stream while mixing.

**NOTE TO FORMULATOR:** Mix well in drum before sampling and before each use.

**CLEAN FRONT® CONCENTRATE** may be used to manufacture no-rinse sanitizers, disinfectants, topical animal health care products, hand sanitizers, and other antimicrobials. Prior to selling these types of finished products, it is the responsibility of the distributor to obtain the necessary regulatory approvals. Any sanitizer or disinfectant intended for intra- or intertrade commerce must be registered with the U.S. Environmental Protection Agency. **CLEAN FRONT® CONCENTRATE** may be used in the manufacture of sanitizers and disinfectants that do not require rinsing after being adequately drained from food contact surfaces at concentrations not exceeding 25 ppm titratable iodine (referred to Federal Regulation No. 178.1010). To meet this requirement, all components used in the finished formulation must also comply with Food and Drug Administration no-rinse regulations. Antimicrobials intended for topical application to humans and animals must be approved by the U.S. Food and Drug Administration.

**STORAGE AND DISPOSAL:**

Keep container closed when not in use. Do not store below 25°F or above 100°F for extended periods.

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple-rinse (or equivalent) promptly after emptying. Triple-rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
