Produced for: Monsanto Company • 800 N. Lindbergh Blvd.
St. Louis, MO 63167 USA

CAUTION

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

PESTICIDE DISPOSAL: Store in original container away from feed and food. Store in cool, dry place. Do not store in direct sunlight.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. If these wastes cannot be used according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance in proper disposal methods.

CONTAINER HANDLING AND DISPOSAL: Non-refillable container (greater than 5 gallons). Do not re-use or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other side and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use and disposal. Repeat this procedure two more times. Pressure rinse as follows: Empty the remaining contents into application equipment or a mix tank and continue to drain for 30 seconds after the flow begins to drip. Hold container upside down over application equipment or a mix tank or collect rinsate for later use or disposal. Insert pressure rinsing nozzle in the side of the container, and rinse for about 30 PSI for 10 seconds. Drain for 30 seconds after the flow begins to drip. Once container is rinsed, offer for recycling if available or puncture and dispose of in a sanitary landfill, by incineration, or by other procedures allowed by state and local authorities.

DIRECTIONS FOR USE

Storage and Disposal

Do not contaminate bodies of water. Do not apply to or near bodies of water. Do not contaminate water sources.

Do not apply more than 0.089 lb a.i./acre/year.

Soil application:

Do not apply more than 0.28 lb a.i./acre/year.

Acclor® NemaStrike™ ST must be applied at the following rates.

- 0.5 - 1.0 lb a.i./seed
- 2.0 - 4.4 lb a.i./seed
- 0.5 - 1.0 lb a.i./seed
- 2.5 - 5.0 lb a.i./seed

For soil application:

- 250,000 a.i./seed
- 350,000 a.i./seed
- 250,000 a.i./seed
- 350,000 a.i./seed

For foliar application:

- 0.25 - 0.5 lb a.i./seed
- 4 - 8 lb a.i./acre

All containers used in the handling, storage, and disposal of this product must be labeled with the following statement:

- NemaStrike™ ST must be labeled with the following warnings:

- Do not dispose of container or mix tank in a landfill, by incineration, or by other procedures not consistent with applicable law.

- Use the product in accordance with the label instructions and with express written permission from the State Plant Health Office.

- Special Damages.

LIMITS OF LIABILITY AND WARRANTY

This product is sold "as is" and "in the condition as is" with all faults.

Do not apply more than 0.089 lb a.i./acre/year.

Do not treat seeds on farm or in field.

Do not use treated seed for food, feed, or oil

Storage and disposal of equipment:

Storage and disposal of this product:

- Do not transport or treat seeds by broadcasting to the surface.

- Do not plant treated seeds on farm or in field.

- Use the product in accordance with the label instructions and with express written permission from the State Plant Health Office.

- Do not be varied by any verbal or written agreement. If users are deemed to have accepted the terms of this Agreement, they are also deemed to have accepted the terms of this Agreement.
