Complete Directions for Use

Preamerger herbicide for weed control in Field Corn, Production Seed Corn, Silage Corn, Sweet Corn, Popcorn, and Miscanthus or other non-food perennial bioenergy crops.

In case of an emergency involving this product or for user safety information on this product, Call Collect, day or night (314) 694-4000.

Not for Sale, Sale Into, Distribution or Use in Nassau and Suffolk Counties of New York State.

EPA Reg. No. 524-480

RestRICTED USE PESTICIDE

due to ground and surface water concerns. For retail sale to and use only by Certified Applicators, or persons under their direct supervision and only for those uses covered by the Certified Applicator’s certification.

Read the entire label before using this product.
Use only according to label instructions. Always read and fully understand the COMPLETE DIRECTIONS FOR USE, DAILY HướngS, and WARNINGs before using or handling. If you are not satisfied, return it and ask for a refund.

Keep out of reach of children

CAUTION!

ACTIVE INGREDIENTS:
- Acetochlor, 2-chloro-N-ethoxymethyl-N-(2-ethyl-6-methylphenyl) acetamide .......... 46.3%
- Atrazine, 2-chloro-4-(ethylamino)-6-(isopropylamino)s-triazine and related triazines ............................................................................................................ 18.3%

OTHER INGREDIENTS ............................................................................................................ 35.4%

100.0%

*Contains 310.5 grams/liter or 4.3 pounds/gallon of acetochlor and 234.3 grams/liter or 1.7 pounds/gallon of atrazine and related compounds.

PRODUCT PROTECTED BY U.S. PATENT NO. 5,225,570. OTHER PATENTS PENDING. NO LICENSE IS GRANTED UNDER ANY NON-U.S. PATENT(S).

FIRST AID

IF SWALLOWED
• Call poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF INHALED
• Move person to fresh air.
• If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth to mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

IF IN EYES
• Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF ON SKIN
OR ON CLOTHING
• Take off contaminated clothing.
• If skin is involved, wash with soap and water for 15 to 20 minutes.
• Rinse skin immediately with plenty of water for 15 to 20 minutes.
• Call a poison control center or doctor for treatment advice.

• Sensitized persons should avoid further contact and reuse of contaminated clothing.

• Have the product container or label with you when calling a poison control center or going for treatment.
• This product is identified as Confidence® Xtra herbicide, EPA Registration No. 524-480.

| Acetochlor | 2-chloro-3-(ethylamino)-6-(isopropylamino)-4-triazinone |}

### 17. Use in Corn

#### 12.3.1. Preemergence Surface Application

- **Standard Sprayable Fluid Fertilizer Compatibility Test**

#### Use Restrictions

- **CONVENTIONAL TILLAGE**
  - **Weeds controlled**
  - **Soil Texture**
  - **Precautionary Statements**

#### Important Phone Numbers

- **IMPORTANT PHONE NUMBERS**
  - **Confidence Xtra Herbicide Following Princep Roundup Agricultural Herbicides**
  - **Xtra Herbicide**

### 21. Use Restrictions

- **Hazards to Humans and Domestic Animals**
  - **Keep out of reach of children!**

### 31. Hazards to Humans and Domestic Animals

- **CAUTION!**
  - **Avoid contact with skin, eyes, or clothing.**
  - **Avoid breathing spray mist.**
  - **May cause allergic skin reaction.**

### 33. Application of Residue

- **Water to be treated must be free from silt and other undissolved materials, which may affect the effectiveness of the weed control product.**

### 34. Protection of Endpoints

- **Personal Protective Equipment (PPE)**
  - **When working with the herbicide in the field,**
  - **When handling the herbicide in storage,**

### 35. Storage and Disposal

- **Storage and Disposal Requirements**
  - **Chemical Compatibility**
  - **Physical Compatibility**

### 36. Product Information

- **This product is recommended for control of certain grasses and broadleaf weeds in corn.”**

---

**Product Information**

This product may be applied by a registered applicator using a boom applicator, or in an encapsulated form. The product is not to be applied by air or by hand. The product may be applied by ground- or air-based equipment in accordance with the instructions on the label. This product is not to be applied within 66 feet of the point where field surface water runoff enters a drainage ditch or field tile-outlets in terraced fields, one of the following restrictions must be used in the following methods:

- **If you want more options, follow the instructions for category A on an EPA label.**
- **Your local agricultural agencies can provide further information on the use of atrazine to reduce the risk of groundwater contamination.**
- **Atrazine Watershed Information Center (AWIC)**
- **Atrazine Use in Michigan**
- **Atrazine Use in Indiana**
- **Atrazine Use in Ohio**
- **Atrazine Use in Kentucky**
- **Atrazine Use in West Virginia**
- **Atrazine Use in Pennsylvania**
- **Atrazine Use in New York State.**

---

**Precautionary Statements**

- **Current use of atrazine has not been shown to have a substantial adverse impact on human health or the environment.**

---

**Disclaimer**

This information is not intended to be, and should not be considered, medical, legal, or professional advice. Always consult with your professional provider in the situation you are facing. This document is for reference only and should not be considered a substitute for professional advice.
Applicators should evaluate soil conditions carefully to assure that they
are appropriate for the intended herbicide application. Consider:
1. Do not graze rotational cover crops for food or animal feed
when repairs must be made during transfer or application, the equipment
shall be rinsed before being cleaned or repaired.

2. Use good agronomic principles that enhance crop competitiveness.
Use cultural practices such as cultivation and crop rotation, where
practical value. This may be due to certain characteristics of the different fluid
or the components may separate too quickly to make their combined use of
In the High Plains and Intermountain regions of the West where rainfall is

3. Equipment Cleaning and Repair
Clogging and/or improper operation of equipment may result in
loss of spray volume, the amount of compatibility agent should be equal to two
pounds active ingredient per acre if only
90% at the point of application.
3.0 pounds active ingredient equivalent of atrazine or soybean injury may occur.
In Eastern parts of the Dakotas, Kansas, western Minnesota and Nebraska,

When applied as directed under conditions described, this product may be applied postemergence or preemergence under conditions as described in the "DIRECTIONS FOR USE" section of the label to determine all restrictions and directions on tank-mix product labels. Refer to the specific product label for crop rotation restrictions and precautionary statements.

11.0 NEEDS CONTROLLED

The following weeds are included in the list of annuals and perennials controlled by this product:

**Annuals**

- Goosegrass, Eragrostis candida
- Purslane, Portulaca oleracea
- Pigweed; Carelessweed, Amaranthus retroflexus
- Nightshade, hairy, Solanum juncpureum
- Nightshade, black, Solanum nigrum
- Groundcherry, annual, Physalis spp.
- Witchgrass, Panicum capillare
- Wheat, volunteer, Triticum aestivum
- Panicum, Texas, Panicum texanum
- Panicum, Texas, Panicum capillare
- Panicum, johnsongrass, Panicum fasciculatum
- Shattercane; Wild cane, Pennisetum laeve
- Tifton 44, Cynodon dactylon
- Italian ryegrass, Lolium multiflorum
- California brome, Bromus carinatus
- Kentucky bluegrass, Festuca arundinacea
- Ryegrass, white, Lolium perenne
- Ryegrass, Italian, Lolium multiflorum
- Red fescue, Festuca rubra
- Cheatgrass, Bromus tectorum
- White fescue, Festuca rubra
- Blue grama, Bouteloua gracilis
- Needle foxtail, Setaria viridis
- Foxtail, common, Setaria viridis
- Foxtail, Canada, Setaria faberi
- Foxtail, Chinese, Setaria palmifolia
- Foxtail, fall, Setaria italica
- Foxtail, green, Setaria viridis
- Foxtail, red, Setaria italica
- Foxtail, seedling, Setaria hermonis
- Foxtail, wild, Setaria viridis
- Foxtail, woolly, Setaria verticillata
- Goosegrass, sand, Eragrostis pilosa
- Goosegrass, sheep, E. villosa
- Goosegrass, wild, E. curvula
- Goosegrass, wild, E. tritacea
- Green brome, Festuca arundinacea
- Red brome, Bromus rubens
- Red fescue, Festuca rubra
- Kentucky bluegrass, Festuca arundinacea
- Smooth brome, Bromus inermis
- Smooth brome, Bromus inermis
- Smooth brome, Bromus inermis
- Brown brome, Bromus tectorum
- Black brome, Bromus tectorum
- Blue grass, Poa pratensis
- Couch grass, Dichanthelium iliciforme
- Creeping bentgrass, Agrostis stolonifera
- Dutch bentgrass, Agrostis stolonifera
- Kentucky bluegrass, Festuca arundinacea

**Perennials**
