FEEDING AND MANAGEMENT INSTRUCTIONS (Continued)

FEEDING INSTRUCTIONS
Feed this product as part of a well-balanced diet. When used as directed, this product will provide sufficient (5-Methoprene) insect growth regulator to prevent the emergence of adult horn flies from manure of treated cattle. Existing adult horn flies will not be affected. Start feeding before horn flies appear and continue use until cold weather marks the end of the horn fly season.

For best results, feed a minimum of 100 lbs of beet body weight per month to achieve...

KEEP OUT OF REACH OF CHILDREN

WARNING

FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Do not use artery forceps, if present, after the first 5 minutes, then continue rinsing eye.

If swallowed: Do not induce vomiting. Call a poison control center or doctor for treatment advice.

If inhaled: Remove victim to fresh air.

For shipment: The product should not be stored in direct sunlight.

No explosive materials should be used in connection with this product.

Precautionary Statements

Hazard to Humans and Domestic Animals

Caution: Substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Environmental Hazards

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

Directs for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

General Information

This product is to be used as a cattle feed through pesticide for the control of horn flies. All feed ingredients listed in this product label must be prescribed for the species and species' limits of application as required by the Food and Drug Administration (FDA) for the use of pesticides in cattle feed. This product contains ethoxyquin, a preservative. The amount of ethoxyquin may vary according to the individual manufacturer’s formula and will not exceed the 22 ppm maximum limit established for ethoxyquin by FDA. See 21 CFR 573.180.

For information call: 423-593-8215

In case of an emergency call the National Poison Control Center at: 1-800-222-1222, 24 hours/day.
